The scope of services provides for the development and implementation of an Agency Management Plan to support the executive team in the execution of its mission, revision and development of policies and procedures, and identifying new initiatives to support the Agency’s strategy and mission. The Agency issued this RFP in September 2016, and it was advertised in the Washington Post, the Washington Informer and on the Agency’s web site. Four bids were received in response to the request, and staff selected IBS as the most favorable respondent.

Mr. Binitie requested that staff include charts of contract bids in the future. Mr. Green asked for further clarification of the scope of services of the contract. Ms. Downs and Mr. Lee explained that one of the primary goals for 2017 is to come up with a really good set of written policies and procedures, and developing written policies and procedures is a primary deliverable under the contract. IBS will also help staff establish best practices. Mr. Green asked if this is the same company that is performing under a different contract.
