INTRODUCTION

The purpose of this Official Statement, which includes the cover page, the inside cover page and appendices hereto, is to set forth information in connection with the sale by the District of Columbia Housing Finance Agency, a corporate body and instrumentality of the District of Columbia (together with any successors and assigns and any surviving, resulting or transferee entity, the “Agency”), of its Multi-Family Development Program Bonds Series 2018 A (Non-AMT) (the “Series 2018 A Bonds”).

Authorization

The Agency is authorized to issue the Series 2018 A Bonds pursuant to the laws of the District of Columbia (the “District”), including specifically the District of Columbia Housing Finance Agency Act (Chapter 27 of Title 42 of the District of Columbia Code, as amended) (the “Act”), Resolution No. 2018-01 adopted by the Board of Directors of the Agency on January 23, 2018 (the “Resolution”), and under and pursuant to the Master Trust Indenture dated as of August 1, 2017 (the “Master Indenture”), between the Agency and U.S. Bank National Association, as trustee (the “Trustee”), as supplemented by the Supplemental Indenture dated as of February 1, 2018 (the “2018 A Supplemental Indenture” and together with the Master Indenture, the “Indenture”), between the Agency and the Trustee. The Trustee has not participated in the preparation of this Official Statement.

Parity Obligations. The Series 2018 A Bonds being issued pursuant to the Supplemental Indenture are designated as Parity Obligations pursuant to the Master Indenture and shall be secured by proceeds thereof or funds on deposit in the Proceeds Account, the Debt Service Reserve Account, the Revenue Fund and the Redemption Fund (collectively, the “Trust Estate”), together with other amounts pledged under the Indenture.

Interest on the Series 2018 A Bonds. The Series 2018 A Bonds will bear interest from the Delivery Date at the interest rates set forth on the inside cover hereof and shall be subject to redemption prior to maturity at par, plus accrued interest to the date of redemption, at the times and under the conditions described herein.

Parity and Non-Parity Obligations under the Master Indenture

Pursuant to the Master Indenture, the Agency is authorized to issue bonds, notes, debentures, interim certificates or other evidences of financial indebtedness of the Agency authorized to be issued under the Act (“Obligations”) issued as Parity Obligations, Non-Parity Obligations, or any combination thereof.

Parity Obligations have first priority pledge of lien on and security interest in the Trust Estate. Parity Obligations, regardless of the time or times of their issue or maturity shall be of equal rank without

preference priority or distinction of any Parity Obligation over any other except as expressly provided. See “SECURITY FOR THE PARITY OBLIGATIONS — Trust Estate; Security for the Parity Obligations.”

Non-Parity Obligations are payable from Revenues either separate and distinct from or subordinate to the payments made with respect to the Parity Obligations and are secured by a lien on and a pledge of Revenues separate and distinct from or junior and inferior to the lien on and pledge of the Revenues for the payment of Parity Obligations, all as set forth herein. See APPENDIX G — “SUMMARY OF CERTAIN PROVISIONS OF THE MASTER INDENTURE — Non-Parity Obligations” hereto.

The Series 2018 A Bonds are the second issue of Multi-Family Development Program Bonds issued by the Agency under the Master Indenture and are the first issue of Parity Obligations issued under the Master Indenture. As of January 31, 2018, the Master Indenture had outstanding Obligations having an aggregate principal amount of \$34,205,892, of which \$0 are Parity Obligations and \$34,205,892 are Non-Parity Obligations. See APPENDIX D — “OUTSTANDING PARITY INDEBTEDNESS OF THE AGENCY” hereto.

The Series 2018 A Bonds are being issued as Parity Obligations, which have a first priority pledge of, lien on, and security interest in, the Trust Estate, which includes, among other things, amounts on deposit in the Proceeds Account and the Debt Service Reserve Account established under the 2018 A Supplemental Indenture and the Revenue Fund, the Debt Service Reserve Fund and the Redemption Fund established under the Master Indenture. See “SECURITY FOR THE PARITY OBLIGATIONS” herein.

The Indenture authorizes the Agency to issue Bonds to provide funds to finance or refinance loans, to refund Bonds or any other bonds, notes or other obligations, whether or not the Agency is the issuer thereof, to pay any Project cost (including, without limitation, capitalized interest and Bond issuance costs), to fund reserves, or to achieve any other of the Agency’s purposes. Loans financed under the Indenture, including, without limitation, the Series 2018 A Loan (as defined below) described in APPENDIX C — “DESCRIPTION OF LOANS AND PROJECTS” to this Official Statement, are referred to at various times as either the “Loans” or the “Loan” as appropriate. The Loans finance housing developments, including multifamily residential rental facilities (the “Projects”) within the District that promote sound community development and provide housing for occupancy, in substantial part, by persons or families of limited income. The Loans must also meet the requirements set forth in the Indenture.

Limited Obligations of Agency

The Series 2018 A Bonds, together with interest thereon, do not constitute an indebtedness to which the faith and credit of the Agency or the District are pledged but are limited obligations of the Agency payable from (a) the Revenues pledged for the payment of Parity Obligations under the Indenture, (b) the amounts held in any fund or account created under the Indenture, other than amounts held in the Rebate Fund and the Operating Reserve Fund and (c) from any other moneys held pursuant to the Trust Estate, and shall be a valid claim of the respective Holders thereof only against the Trust Estate, which is assigned under the Indenture for the equal and ratable payment of Parity Obligations and the interest thereon.

THE SERIES 2018 A BONDS, THE PRINCIPAL OF AND THE INTEREST THEREON ARE SPECIAL LIMITED OBLIGATIONS OF THE AGENCY PAYABLE SOLELY FROM THE TRUST ESTATE PLEDGED TO SUCH PURPOSES IN THE MANNER AND TO THE EXTENT PROVIDED IN THE 2018 A SUPPLEMENTAL INDENTURE AND NO OTHER REVENUES OR ASSETS OF THE AGENCY. THE SERIES 2018 A BONDS, THE PRINCIPAL OF AND THE INTEREST THEREON DO NOT CONSTITUTE AN INDEBTEDNESS OR OBLIGATION OF THE DISTRICT OF COLUMBIA, AND NEITHER THE FAITH AND CREDIT NOR THE TAXING POWER OF THE DISTRICT OF

COLUMBIA IS PLEDGED TO THE PAYMENT OF PRINCIPAL OF OR INTEREST ON THE SERIES 2018 A BONDS. THE AGENCY HAS NO TAXING POWER.

The Series 2018 A Bonds are subject to special optional redemption at any time in whole or in part, at the option of the Agency, at a Redemption Price of 100% of the principal amount of the Series 2018 A Bonds to be redeemed plus accrued interest to the date of redemption, from the following:

(i) Recoveries of Principal received by the Trustee in connection with a Loan, including the Series 2018 A Loan and amounts transferred to the Redemption Fund due to a reduction in the Debt Service Reserve Fund Requirement with respect to the Series 2018 A Bonds;

(ii) proceeds of the Series 2018 A Bonds on deposit in the Proceeds Account that are not expended to make the Series 2018 A Loan;

(iii) Revenues available under the Master Indenture and amounts on deposit in the Program Subsidy Fund; or

(iv) HUD required prepayments by a borrower to the extent that such borrower is not in default with respect to a Project.

Selection of Bonds for Redemption

If less than all of the Series 2018 A Bonds of the same maturity are to be redeemed on any date pursuant to the 2018 A Supplemental Indenture, each of the Series 2018 A Bonds of such maturity then Outstanding shall be redeemed in part, pro rata, in proportion to the Outstanding aggregate principal amount of each such Series 2018 A Bond to the Outstanding aggregate principal amount of all Outstanding Series 2018 A Bonds of such maturity, unless otherwise directed in writing by the Agency, subject to satisfaction of the provisions of the Master Indenture.

Redemption Notice

Notice of redemption as described under “THE SERIES 2018 A BONDS – Redemption Provisions – Optional Redemption” and “—Special Optional Redemption” will be provided by the Trustee not less than 20 days and not more than 30 days prior to the applicable redemption date. Each notice shall be given to the respective holders of any Series 2018 A Bonds designated for redemption at their addresses appearing on the bond registration books of the Trustee. The Trustee shall cause a second notice of redemption to be sent by first class mail, postage prepaid, on or within 10 days after the thirtieth day after the redemption date to any holder who has not submitted its Series 2018 A Bond to the Trustee for payment. Notwithstanding the foregoing and anything contained in the Master Indenture, no notice of mandatory redemption from Sinking Fund Payments shall be required.

Purchase in Lieu of Redemption

On any date upon which the Series 2018 A Bonds have been called for optional redemption, in whole or in part, the Agency may at its option, purchase or cause to be purchased the Series 2018 A Bonds in lieu of such redemption at a purchase price equal to what would have been the Redemption Price if such Series 2018 A Bonds had been redeemed. To exercise such option, the Agency shall deliver written notice thereof to the Trustee no later than 12:00 p.m., Eastern Time, on the date such Series 2018 A Bonds would have been redeemed (the “Purchase Date”), together with a Bond Counsel’s Opinion, and the Agency shall transfer or cause to be transferred to the Trustee the moneys required to purchase the Series 2018 A Bonds no later than 12:00 p.m., Eastern Time, on the Purchase Date. No notice to the Bondholders shall be required of the Agency’s option to purchase Series 2018 A Bonds as described under this subheading and no Bondholder shall have the right to elect to retain Series 2018 A Bonds in the event of a purchase in lieu of redemption. Failure to mail the related notice of redemption or any defect therein shall not affect the validity of the purchase of the Series 2018 A Bonds. The Agency’s notice of purchase in lieu of redemption may be conditioned upon receipt of funds by the Trustee or may be withdrawn at any time as specified therein.

All Series 2018 A Bonds shall be deemed to have been purchased on the Purchase Date provided funds sufficient to purchase the Series 2018 A Bonds on the Purchase Date have been deposited with the Trustee on the Purchase Date, and from and after such Purchase Date, interest shall cease to accrue on such Series 2018 A Bonds to the prior Bondholders. The prior Bondholders shall have no rights with respect to such Series 2018 A Bonds except to receive payment of the purchase price thereof, premium, if any, and accrued interest to the Purchase Date. Notwithstanding such purchase, the Series 2018 A Bonds shall remain Outstanding for all purposes under the Series 2018 A Supplemental Indenture.

Agency’s Right to Purchase Bonds

The Agency retains the right to purchase any Series 2018 A Bonds, at such times, in such amounts and at such prices as the Agency determines, subject to the provisions of the Indenture, and, thereby, reduce

its obligations, including Sinking Fund Payments, for such Series 2018 A Bonds. See “SECURITY FOR THE PARITY OBLIGATIONS — Cash Flow Statements and Certificates.”

DTC and Book Entry

The Series 2018 A Bonds will be issued as fully registered bonds, registered in the name of Cede & Co., as nominee for DTC. Beneficial ownership interests in the Series 2018 A Bonds will only be available in book entry form. Purchasers of beneficial ownership interests in the Series 2018 A Bonds will not receive certificates representing their interests in the Series 2018 A Bonds purchased. See APPENDIX I—“BOOK ENTRY SYSTEM.”

Principal of, premium, if any, and interest on the Series 2018 A Bonds are payable, so long as the Series 2018 A Bonds are in book entry form, through a securities depository as described in APPENDIX I.

SECURITY FOR THE PARITY OBLIGATIONS

Trust Estate; Security for the Parity Obligations

Under the Master Indenture, the Agency, in order to secure the payment of the principal of, premium, if any, and interest on the Obligations or any Series thereof and other obligations secured under the Master Indenture, pledges the following for the equal benefit, protection and security of the holders of all Parity Obligations, including the holders of Series 2018 A Bonds (all of such Parity Obligations, regardless of the time or times of their issue or maturity, are of equal rank without preference, priority or distinction of any Parity Obligation over any other except as expressly provided or permitted in a Supplemental Indenture, the following):

(a) all right, title and interest of the Agency in and to all related Revenues pledged therefor pursuant to a Supplemental Indenture;

(b) except as otherwise provided in a Supplemental Indenture with respect to a Series of Obligations, all right, title and interest of the Agency in and to each Loan made with the related Series of Obligations including the related Loan Agreement, Note, Mortgage and/or Credit Enhancement (other than the Unassigned Rights of the Agency), including all extensions and renewals of the terms thereof, if any, including, but without limiting the generality of the foregoing, the present and continuing right to receive, receipt for, collect or make claim for any of the money, income, revenues, issues, profits and other amounts payable or receivable thereunder, whether payable under the above referenced documents or otherwise, to bring actions and proceedings thereunder or for the enforcement thereof, and to do any and all things which the Agency or any other Person is or may become entitled to do under said documents;

(c) all right, title and interest of the Agency (other than Unassigned Rights of the Agency) in and to all moneys and securities (including investments thereof and earnings thereon), including Obligation proceeds (other than proceeds deposited in trust for the retirement of any outstanding Obligations) held in the Funds and Accounts (or any subaccounts thereof) that are pledged therefor pursuant to the terms of a Supplemental Indenture with respect to a Series of Obligations (excluding amounts in the Rebate Fund or the Program Subsidy Fund) and all proceeds, substitutions, renewals and replacements of the foregoing; and

(d) all right, title and interest of the Agency in any other assets from time to time held by the Trustee under and subject to the terms of the Master Indenture or pledged pursuant to any Supplemental Indenture with respect to a Series of Obligations and all proceeds, substitutions, renewals or replacements of the foregoing.

The Revenues and all amounts held in any Fund or Account other than the Rebate Fund, the Program Subsidy Fund or such other Fund or Account specified in a Supplemental Indenture, including investments thereof, are thereby pledged to secure the payment of the Obligations (provided that payment of Non-Parity Obligations may be secured by the pledge of funds and accounts under the Master Indenture to the extent specified in the applicable Supplemental Indenture, either subordinate to or separate and distinct from the pledge securing Parity Obligations, and upon such terms and conditions set forth in the Supplemental Indenture authorizing such Non-Parity Obligations) in accordance with their terms and the provisions of the Master Indenture and the applicable Supplemental Indenture, subject only to the provisions of the Master Indenture and the applicable Supplemental Indenture permitting the use and application thereof for or to the purposes and on the terms and conditions set forth in the Master Indenture and in the applicable Supplemental Indenture. The Agency may, pursuant to a Supplemental Indenture, authorize the issuance of a Series of Obligations to:

(i) pledge such Revenues and amounts to one or more Credit Enhancers who have provided Credit Enhancement to secure either Obligations or payments under Loans financed by a Series of Obligations, as applicable, all as set forth in such Supplemental Indenture;

(ii) provide that amounts in one or more Funds or Accounts established pursuant to such Supplemental Indenture be excluded from the pledge set forth in this paragraph to secure the payment of the applicable Series of Obligations or otherwise limit such pledge with respect to such Funds and Accounts;

(iii) provide that a Series of Obligations issued under such Supplemental Indenture shall have a separate security which will not become an asset of or subject to the pledge of the Master Indenture unless specifically permitted under such Supplemental Indenture; and

(iv) provide such other requirements with respect to the security for and payment of any Series of Obligations issued pursuant to such Supplemental Indenture as shall be consistent with the requirements of the Master Indenture.

Credit Enhancement of the Series 2018 A Loan

Under the Master Indenture Loans may be: (i) insured by FHA, including, but not limited to, loans under the Risk-Sharing Program and loans insured under Sections 220, 221(d)(3), 221(d)(4), or 223(f) of the National Housing Act of 1934, as amended, (ii) guaranteed by GNMA, (iii) guaranteed by either Fannie Mae or Freddie Mac, (iv) participations by the Agency with another party or parties, public or private, in a loan made to a borrower with respect to a Project and (v) such other loans evidenced by a promissory note from a borrower to the Agency to the extent that the proceeds of such Loan will be applied to finance a Project. Loans may be, but are not required to be, secured by a Mortgage.

The Series 2018 A Loan will be insured under the FHA Risk-Sharing Program. See “SECURITY FOR THE PARITY OBLIGATIONS — FHA Risk-Sharing Program” below and APPENDIX E — “MORTGAGE INSURANCE AND GUARANTEE PROGRAMS — THE FHA RISK-SHARING INSURANCE PROGRAM.”

FHA Risk-Sharing Program

The FHA Risk-Sharing Program is administered by HUD, acting through FHA, pursuant to Section 542(c) of the Housing and Community Development Act of 1992 (the “Risk Sharing Act”) and applicable HUD Regulations found at 24 C.F.R. Part 266. The Risk Sharing Act authorizes the Secretary of HUD (“HUD Secretary”) to enter into risk-sharing agreements with qualified state or local housing finance agencies (“HFAs”) to enable HFAs to underwrite and process loans for which HUD, acting through FHA,

will provide full mortgage insurance for eligible developments. Under this program, FHA endorses mortgages on qualified multifamily projects for insurance. HUD delegates to the HFA certain loan underwriting, loan management and property disposition functions. Upon default of an insured loan, FHA is required to make an initial payment in the amount of the unpaid principal and interest due to the date of claim. The HFA is required to reimburse HUD an agreed percentage of any loss resulting upon disposition of the property (but in any event within five years, subject to extension in the discretion of HUD).

The Agency has received designation as a Level I participant and a Level II participant in the FHA Risk-Sharing Program. As a Level I participant, the Agency assumes 50% or more of the liability for any losses incurred by HUD upon payment under its insurance following disposition of the property, the exact percentage being determined separately with respect to each project. As a Level II participant, the Agency assumes (i) 25% of the liability for such losses with respect to projects having a loan to value or loan to replacement cost ratio greater than or equal to 75%, or (ii) 10% of such liability with respect to projects having a loan to value or loan to replacement cost ratio less than 75%.

The Agency currently is an active participant in the FHA Risk-Sharing Program for new Loans financed by Bonds.

See APPENDIX C — “DESCRIPTION OF LOANS AND PROJECTS” for a description of the Credit Enhancement applicable to the Series 2018 A Loan. See APPENDIX E for additional information concerning mortgage insurance and credit enhancement. **Under the Indenture, Loans may be unenhanced or may be enhanced or secured by a number of Credit Enhancers, including but not limited to FHA, GNMA, Fannie Mae and FHLMC. GNMA, Fannie Mae and FHLMC are not providing Credit Enhancement for the Series 2018 A Project.**

Housing Subsidy Payments for Rental Housing Projects

Section 8 Program. Under the Section 8 housing assistance payments program, housing assistance payments are disbursed by a contract administrator, as HUD’s agent, through payment of a “Contract Rent” for each assisted dwelling unit. The Contract Rent is generally limited by the “fair market rents” established by HUD and published in the Federal Register and by the rents of unassisted units of similar age, design, location and amenities. The Contract Rent for the assisted dwelling units in each development is adjusted by HUD annually pursuant to an adjustment factor established by HUD. The subsidy contracts usually provide for the payment of the Section 8 subsidy for an initial term automatically renewable for additional terms of not more than five years each; however, some contracts are for terms that expire before maturity of the Loan for the related Project. **There is no assurance that a Housing Assistance Payment Contract (“HAP Contract”) will be renewed upon its expiration or that HUD will extend the term of any Section 8 subsidy for the term of or in amounts sufficient to pay the related Loan.** Payments received under the subsidy contracts constitute a primary source of revenues for many of the Projects receiving such assistance. Therefore, the termination of, or the reduction of payments under, a subsidy contract may have a material adverse impact on the ability of the related Rental Housing Development to generate revenues sufficient to pay the principal of and interest on a Loan.

The District of Columbia Housing Authority (“DCHA”), as an agent for HUD, is the contract administrator under some of the HAP Contracts. In such capacity, DCHA may be required by its responsibilities under the HAP Contracts to reduce or terminate payments under such contracts, or impose other sanctions, upon a Borrower if the Borrower fails to comply with the requirements of the Section 8 program. Any such action by DCHA or other contract administrator could adversely affect the availability of revenues to pay debt service on the related Loan.

Additional information about the Section 8 program and recent legislation regarding renewals of HAP Contracts appears in APPENDIX F — “FEDERAL HOUSING SUBSIDY PROGRAMS — Section 8 Program.”

Section 8 subsidy is contemplated for the Series 2018 A Project. See APPENDIX C — “DESCRIPTION OF LOANS AND PROJECTS” for a description of mortgage insurance, Credit Enhancement and housing subsidies applicable to each Project. See APPENDIX E — “MORTGAGE INSURANCE AND GUARANTEE PROGRAMS” for detailed information about mortgage insurance and Credit Enhancement. See APPENDIX F — “FEDERAL HOUSING SUBSIDY PROGRAMS” for detailed information about federal housing subsidy programs.

Debt Service Reserve Fund

The Agency has established a Debt Service Reserve Fund under the Master Indenture, and pursuant to the 2018 A Supplemental Indenture, a Debt Service Reserve Account with respect to the Series 2018 A Bonds. As of the date of this Official Statement, there is \$0 on deposit in the Debt Service Reserve Fund under the Master Indenture pledged for security of Parity Obligations.

The “Debt Service Reserve Requirement” for the Master Indenture is, as of any date of calculation, the aggregate of the amounts specified as the debt service reserve requirement for each Series of Obligations in a Supplemental Indenture authorizing the issuance of such Series of Obligations. The Debt Service Reserve Requirement may be funded in whole or in part, through Credit Enhancement or Investment Securities and such method of funding shall be deemed to satisfy all provisions of the Master Indenture with respect to the Debt Service Reserve Requirement and the amounts required to be on deposit in the Debt Service Reserve Fund.

The “Series 2018 A Debt Service Reserve Requirement” will be, as of any date of calculation, the maximum amount of principal and interest due on the Series 2018 A Bonds in any remaining semi-annual period ending on March 1 or September 1 of each year, provided that the funds on deposit in the Series 2018 A Debt Service Reserve Account may be less than the Series 2018 A Debt Service Reserve Requirement so long as the total on deposit in the Debt Service Reserve Fund (including any subaccounts therein established under any Supplemental Indenture for Parity Obligations) under the Master Indenture is equal to or greater than the aggregate of the Debt Service Reserve Requirement of all Parity Obligations; and further provided that for purposes of calculating excess on deposit in the Debt Service Reserve Fund, the Principal and interest on all Parity Obligations that have reserve fund requirements based on maximum remaining principal and interest payments will be aggregated. On the Delivery Date, \$695,000 of the proceeds of the Series 2018 A Bonds shall be deposited to the Series 2018 A Debt Service Reserve Account in order to satisfy the Debt Service Reserve Requirement for the Master Indenture as of the Delivery Date.

Amounts on deposit in the Debt Service Reserve Fund will be applied, to the extent other funds are not available therefor pursuant to the Master Indenture and the applicable Supplemental Indenture, to pay the Principal Installments of and interest on the Outstanding Obligations of a Series when due, whether by call for redemption or otherwise. Whenever the amount in the Debt Service Reserve Fund exceeds the Debt Service Reserve Requirement for any given Series of Obligations, the Trustee will, if so directed by the Agency pursuant to a written direction specifying the Debt Service Reserve Requirement, withdraw from the Debt Service Reserve Fund the amount of any excess therein over the Debt Service Reserve Requirement as of the date of such withdrawal and deposit the monies so withdrawn into the Revenue Fund.

Moneys in the Debt Service Reserve Fund at the direction of the Agency will, be withdrawn from the Debt Service Reserve Fund by the Trustee and deposited in the Redemption Fund for the purchase or

redemption of Obligations at any time, provided that subsequent to such purchase or redemption the amount in the Debt Service Reserve Fund will not be less than the Debt Service Reserve Requirement.

If on any Interest Payment Date or Redemption Date for a Series of Obligations the amount in the Revenue Fund and the Redemption Fund, as applicable, shall be less than the amount required for the payment of the Principal Installments and interest due on the Outstanding Obligations of such Series on such date, the Trustee will apply amounts from the Debt Service Reserve Fund to the extent necessary to make good the deficiency. The Trustee will notify the Agency if, 30 days prior to any Interest Payment Date or Redemption Date, the amount on deposit in the Revenue Fund or the Redemption Fund, as applicable, is estimated by the Trustee to be insufficient to make any payment due without a draw on the Debt Service Reserve Fund.

Notwithstanding anything to the contrary contained under this subheading, if, pursuant to a Supplemental Indenture, amounts obtained under Credit Enhancement are to be used to pay the Principal Installments of and interest on Obligations, then amounts in the Debt Service Reserve Fund which would otherwise have been used for such purposes may be applied to reimburse the Credit Enhancer for the amounts so obtained, all in accordance with such Supplemental Indenture.

Investment of Funds

Monies in any Fund or Account that are established under the Indenture shall be continuously invested and reinvested by the Trustee, at the direction of the Agency, in Investment Securities with a view toward maximizing yield (with proper preservation of principal) and minimizing the instances of uninvested funds, while maintaining adequate levels of liquidity as required by the Indenture. The Agency shall direct the Trustee from time to time as to the investment of amounts in the Funds and Accounts established or confirmed by the Indenture. The Agency may direct the Trustee to invest and reinvest the monies in any Fund or Account in Investment Securities so that the maturity date or date of redemption at the option of the owner thereof shall coincide as nearly as practicable with (but in no event later than) the times at which monies are needed to be expended; provided, however, that with respect to monies in a Fund or Account established by a Supplemental Indenture that are not pledged pursuant to the Master Indenture, the Agency may, if so provided in such Supplemental Indenture, designate another party as authorized to direct the investment of monies in such Fund or Account. The Investment Securities purchased shall be held by the Trustee, or for its account as Trustee and shall be deemed at all times to be part of such Fund or Account, and the Trustee shall keep the Agency advised as to the details of all such investments. Subject to the provisions of the Indenture, the Trustee shall not be liable or responsible for any loss resulting from such investments. Investments authorized to be made by the Trustee pursuant to the Indenture may be made by the Trustee through its own bond or investment department.

(A) Investment Securities purchased as an investment of monies in any Fund or Account held by the Trustee under the provisions of the Indenture shall be deemed at all times to be a part of such Fund or Account but the income or interest earned and gains realized in excess of losses suffered by a Fund or Account due to the investment thereof shall be deposited in the Revenue Fund or shall be credited as Revenues to the Revenue Fund from time to time and reinvested, except as otherwise provided in the Indenture and except for interest income representing a recovery of the premium and accrued interest, if any, included in the purchase price of any Investment Security, which shall be retained in the particular Fund or Account for which the Investment Security was purchased.

(B) To the extent permitted by law, the Trustee may combine any amounts on deposit in the Funds and Accounts held under the Indenture for the purpose of purchasing Investment Securities. However, the Trustee shall maintain and keep separate accounts of such Funds and Accounts at all times.

(C) The Trustee shall, upon direction from the Agency, sell, and make, or present for redemption or exchange, any Investment Security purchased by it pursuant to the Indenture whenever it shall be necessary in order to provide monies to meet any payment or transfer from the Fund or Account for which such investment was made.

(D) Unless an Event of Default has occurred hereunder, monies held in trust by the Trustee under the Indenture shall be invested by the Trustee, and Investment Securities shall be sold by the Trustee, only upon direction from the Agency or such other party as shall be designated in a Supplemental Indenture, given or confirmed in writing, instructing the Trustee to purchase or sell, as the case may be, specified Investment Securities.

(E) Upon receipt of written instructions from an Authorized Officer of the Agency, the Trustee shall exchange any coin or currency of the United States of America or Investment Securities held by it pursuant to the Indenture for any other coin or currency of the United States of America or Investment Securities of like amount.

Cash Flow Statements and Certificates

(A) To the extent required by any Supplemental Indenture with respect to any Series of Obligations or under the Master Indenture, the Agency is required to file with the Trustee a current Cash Flow Statement whenever any Series of Obligations is issued.

The Agency is also required to file with the Trustee a current Cash Flow Certificate:

(i) upon purchase or redemption of Obligations of a Series in a manner other than as contemplated in the last Cash Flow Statement filed by the Agency with the Trustee;

(ii) prior to withdrawing moneys for payment to the Agency pursuant to the Indenture free and clear of the pledge and lien of the Master Indenture;

(iii) prior to selling Loans or Mortgage-Backed Securities not in default;

(iv) prior to consenting to any material changes in the payment terms of Loans to be financed or that have been financed;

(v) prior to the releasing of any Loan or Mortgage-Backed Security from the pledge and lien of the Indenture;

(vi) prior to the application of Recoveries of Principal to any use other than the purchase or redemption of Obligations;

(vii) prior to the purchase of Obligations pursuant to the Indenture at prices in excess of those specified in said paragraphs; or

(viii) prior to the application of monies in the Redemption Fund resulting from Recoveries of Principal to the purchase or redemption of Obligations of a Series other than the Series issued to finance the Loans or Mortgage-Backed Securities which gave rise to the Recoveries of Principal.

In addition, the Agency shall not take any of the actions described in (i) through (viii) above unless subsequent to such action the amount of moneys and Investment Securities held in the Proceeds Fund, the

Redemption Fund, the Revenue Fund and the Debt Service Reserve Fund, if applicable (valued at their cost to the Agency, as adjusted by amortization of the discount or premium paid upon purchase of such obligations ratably to their respective maturities), together with accrued but unpaid interest thereon, and the outstanding principal balance of Loans and Mortgage-Backed Securities, together with accrued but unpaid interest thereon and any other assets, valued at their realizable value as determined by the Agency in good faith, pledged for the payment of the Obligations will exceed the aggregate principal amount of and accrued but unpaid interest on Outstanding Obligations of each Series; provided, however, that in the event that a Supplemental Indenture authorizing the issuance of a Series of Obligations specifies that, for purposes of the requirements of this paragraph, the Loans or Mortgage-Backed Securities financed by such Series of Obligations shall be valued at other than their outstanding principal balance, then, with respect to such Loans or Mortgage-Backed Securities, such other value shall be used in the calculations required by this paragraph.

(B) A Cash Flow Statement shall consist of a statement of an Authorized Officer giving effect to the action proposed to be taken and demonstrating in the current and each succeeding Obligation Year in which Obligations of each Series are scheduled to be Outstanding that amounts then expected to be on deposit in the Funds and Accounts in each such Obligation Year will be at least equal to all amounts required by the Indenture to be on deposit in the Funds and Accounts for the payment of the principal and Redemption Price of and interest on the Obligations of each Series and for the funding of the Debt Service Reserve Fund to the Debt Service Reserve Requirement, except that, to the extent specified in a Supplemental Indenture, a Fund or Account established in said Supplemental Indenture shall not be taken into account when preparing such Cash Flow Statement. The Cash Flow Statement shall set forth the assumptions upon which the estimates therein are based, which assumptions shall be based upon the Agency's reasonable expectations at the time such Statement is filed. Upon filing a Cash Flow Statement with the Trustee, the Agency shall thereafter perform its obligations hereunder in accordance, in all material respects, with the assumptions set forth in such Cash Flow Statement. Except with respect to actions being taken contemporaneously with the delivery of a Cash Flow Statement, facts reflected in a Cash Flow Statement may be as of a date or reasonably adjusted to a date not more than 180 days prior to the date of delivery of such statement.

In lieu of filing a Cash Flow Statement, a Cash Flow Certificate may be filed in order to take the actions (a) described in clause (A) and subclauses (ii), (iv), (vi), (vii) or (viii) of paragraph (A) above under "Cash Flow Statements and Certificates," (b) described in clause (iii) of paragraph (A) above under "Cash Flow Statements and Certificates" provided that amounts to be withdrawn by the Agency are not in excess of amounts determined to be available for such purpose in the last Cash Flow Statement filed with the Trustee or (c) described in clause (iv) of paragraph (A) above under "Cash Flow Statements and Certificates" relating to amending the payment terms of Loans or Mortgaged-Backed Securities to be financed or that have been financed but only if, in the judgment of the Agency, such amendments do not constitute materially adverse changes from the payment terms for such Loans or Mortgaged-Backed Securities set forth in the last Cash Flow Statement filed with the Trustee. A Cash Flow Certificate shall consist of a statement of an Authorized Officer of the Agency to the effect of one of the following:

(1) The proposed action is consistent with the assumptions set forth in the latest Cash Flow Statement; or

(2) After giving effect to the proposed action, in the current and each succeeding Obligation Year in which Obligations of a Series are scheduled to be Outstanding, amounts expected to be on deposit in the Funds and Accounts in each such Obligation Year will be at least equal to all amounts required by the Indenture to be on deposit in such Funds and Accounts for the payment of the principal and Redemption Price of and interest on the Obligations of a Series, and for the funding of the Debt Service Reserve Fund to the Debt Service Reserve Requirement, except

that to the extent specified in a Supplemental Indenture a Fund or Account established in said Supplemental Indenture shall not be taken into account in connection with such Cash Flow Certificate.

The Trustee shall have no obligation to review, verify, or confirm the accuracy of any Cash Flow Statement or its compliance with the terms of the Master Indenture.

Cash Flow Statements and Cash Flow Certificates are prepared based upon certain assumptions of and information available to the Agency at the time such a statement or certificate is prepared. Such assumptions and information are subject to change, which may materially affect the conclusions expressed in the statement or certificate. Accordingly, Bondholders should be aware that the existence of a Cash Flow Statement or Cash Flow Certificate does not assure that the conclusions expressed therein will accurately reflect future revenues or events. See APPENDIX G — “SECURITY FOR THE PARITY OBLIGATIONS — Cash Flow Statements and Certificates.”

Additional Bonds

The Master Indenture permits the issuance of additional Obligations for one or more of the following purposes: (i) financing of one or more Loans or the purchase of Mortgage-Backed Securities backed by Loans, (ii) the making of deposits in the amounts, if any, required or permitted by the Indenture into the Funds and Accounts established thereunder, (iii) the refunding of Obligations or any other bonds, notes or other obligations of the Agency or other entity, (iv) financing one or more other Agency Purposes, or (v) any combination of the foregoing.

Prior to the issuance of any Series of additional Obligations, the Agency will file with the Trustee: (i) a copy of the Indenture, certified by an Authorized Officer, (ii) an Opinion of Counsel to the effect that the Indenture has been executed by the Agency, is in full force, binding, creates a valid pledge and lien, and is in accordance with the laws of the District, (iii) a written order as to the delivery of the Obligations, (iv) amount of the proceeds of the Obligations to be deposited with the Trustee, (v) a Cash Flow Statement, if applicable, (vi) a Rating Confirmation, if applicable, and (vii) such further documents and monies as are required under the Master Indenture.

TAX MATTERS

General Matters

In the opinion of Kutak Rock LLP, Bond Counsel, under existing laws, regulations, rulings and judicial decisions, interest on the Series 2018 A Bonds is excludable from gross income for federal income tax purposes, except for interest on any Series 2018 A Bond for any period during which such Series 2018 A Bond is held by a “substantial user” of the facilities financed by the Series 2018 A Bonds or a “related person” within the meaning of Section 147(a) of the Code. Furthermore, interest on the Series 2018 A Bonds is not a specific preference item nor included in adjusted current earnings for purposes of the federal alternative minimum tax. The opinion described above assumes the accuracy of certain representations and compliance by the Agency and the Borrower with covenants designed to satisfy the requirements of the Code that must be met subsequent to the issuance of the Series 2018 A Bonds. Failure to comply with such covenants could cause interest on the Series 2018 A Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Series 2018 A Bonds. The Agency and Borrower will covenant to comply with such requirements. Bond Counsel has expressed no opinion regarding other federal tax consequences arising with respect to the Series 2018 A Bonds.

The accrual or receipt of interest on the Series 2018 A Bonds may otherwise affect the federal income tax liability of the owners of the Series 2018 A Bonds. The extent of these other tax consequences will depend upon such owner's particular tax status and other items of income or deduction. Bond Counsel has expressed no opinion regarding any such consequences. Purchasers of the Series 2018 A Bonds, particularly purchasers that are corporations (including S corporations and foreign corporations operating branches in the United States of America), property or casualty insurance companies, banks, thrifts or other financial institutions, certain recipients of social security or railroad retirement benefits, taxpayers entitled to claim the earned income credit, taxpayers entitled to claim the refundable credit in Section 36B of the Code for coverage under a qualified health plan or taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, should consult their tax advisors as to the tax consequences of purchasing or owning the Series 2018 A Bonds.

Bond Counsel is also of the opinion that, under existing District of Columbia statutes, the Series 2018 A Bonds and interest thereon are exempt from District of Columbia taxation, except estate, inheritance and gift taxes. Bond Counsel has expressed no opinion regarding other tax consequences arising with respect to the Series 2018 A Bonds under the laws of the District of Columbia or any other state or jurisdiction.

Backup Withholding

As a result of the enactment of the Tax Increase Prevention and Reconciliation Act of 2005, interest on tax-exempt obligations such as the Series 2018 A Bonds is subject to information reporting in a manner similar to interest paid on taxable obligations. Backup withholding may be imposed on payments to any owner of the Series 2018 A Bonds that fails to provide certain required information including an accurate taxpayer identification number to any person required to collect such information pursuant to Section 6049 of the Code. The reporting requirement does not in and of itself affect or alter the excludability of interest on the Series 2018 A Bonds from gross income for federal income tax purposes or any other federal tax consequence of purchasing, holding or selling tax-exempt obligations.

Changes in Federal and District Tax Law

From time to time, there are legislative proposals in the Congress and in the District that, if enacted, could alter or amend the federal and District tax matters referred to under this heading "TAX MATTERS" or adversely affect the market value of the Series 2018 A Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value of the Series 2018 A Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Series 2018 A Bonds or the market value thereof would be impacted thereby. Purchasers of the Series 2018 A Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Series 2018 A Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending legislation, regulatory initiatives or litigation.

FINANCIAL STATEMENTS

The Series 2018 A Bonds are the first Series of Parity Obligations issued under the Indenture; accordingly, no financial statements of the Multi-Family Development Program Bonds have been prepared.

LITIGATION

The Series 2018 A Bonds do not constitute obligations of the District, but are special limited obligations of the Agency payable solely from and secured by the revenues and properties of the Agency pledged under the Indenture and not from any other revenues or property of the Agency, and do not constitute an indebtedness or obligation (legal, general, moral, special or otherwise) of the District. General

The Agency was established in 1979 pursuant to the Act as a corporate body which has a legal existence separate from the government of the District, but which is an instrumentality of the government of the District created to effectuate certain public purposes. The Act declares that there exists in the District a critical shortage of adequate housing for low and moderate income families, and empowers the Agency to generate funds from private and public sources to increase the supply and lower the cost of funds available for residential mortgages and construction loans and thereby help alleviate the shortage of adequate housing. The principal office of the Agency is located at 815 Florida Avenue, N.W., Washington, DC 20001; telephone (202) 777-1600.

From the Agency’s inception to September 30, 1992, the Agency’s operations were primarily funded by interest-bearing, unsecured advances appropriated by the District. The unsecured advances were to be repaid from income of the Agency in excess of operating expenses in future years; to the extent such net income was available for such repayment. Pursuant to Public Law 104-194 (enacted September 9, 1996), the appropriated debt of the Agency including interest thereon was eliminated. APPENDIX E

MORTGAGE INSURANCE AND GUARANTEE PROGRAMS

THE FHA RISK-SHARING INSURANCE PROGRAM

The Risk-Sharing Act authorizes the Secretary of HUD to enter into risk-sharing agreements with qualified state or local housing finance agencies (“HFAs”) to enable those HFAs to underwrite and process loans for which HUD will provide full mortgage insurance for eligible projects. HUD has promulgated regulations at 24 C.F.R. Parts 246 and 266 (the “Regulations”) pursuant to the Risk-Sharing Act. The program (the “Risk-Sharing Program”) established by the Risk-Sharing Act allows HFAs to carry out certain HUD functions, including the assumption of underwriting, loan management and property disposition functions and responsibility for defaulted loans, including reimbursement of HUD for a portion of the loss from any defaults that occur while the HUD contract of mortgage insurance is in effect.

This mortgage insurance program requires that an interested HFA first be approved as a qualified housing finance agency. Upon notification of approval as a qualified HFA, the HFA must execute a risk-sharing agreement with HUD. This risk-sharing agreement must state the agreed upon risk apportionment between HUD and the HFA, a description of the HFA’s standards and procedures for underwriting and servicing loans and a list of HFA certifications designed to assure its proper performance.

Projects eligible to be insured under the Risk-Sharing Program include projects receiving Section 8 or other rental subsidies that provide affordable housing, as well as single room occupancy projects, board and care/assisted living facilities and elderly projects. Transient housing or hotels, projects in military impact areas, retirement service centers, and nursing homes or intermediate care facilities are specifically excluded from eligibility for insurance under the Risk-Sharing Program.

The Agency has been designated by HUD as a “qualified HFA” under the Risk-Sharing Act. The Agency entered into a risk-sharing agreement with HUD dated July 3, 1995 (the “Risk-Sharing Agreement”), as amended and restated on March 27, 2017, and as may be further amended and restated. The Agency has a “Level I” and a “Level II” approval, and may assume up to 50% of the losses on a Loan. The Agency has agreed to use HUD approved underwriting standards and loan terms and conditions for Level I and Level II Loans.

The Regulations require HFAs with Level II approval to maintain a specially dedicated reserve account consisting entirely of liquid assets in a financial institution acceptable to HUD, but under the Risk-Sharing Agreement, the Agency has been designated as a top-tier participant is not required to maintain such an account.

During its participation in the Risk Sharing Program, the HFA must take responsibility for certain functions, including those relating to the Affirmative Fair Housing Marketing Plan, labor standards, insurance of advances, cost certification and lead-based paint requirements. A mortgagor must certify to the HFA that it is in compliance with certain enumerated discrimination and civil rights statutes and executive orders. HUD will monitor the HFA’s compliance with requirements concerning subsidy layering, the Davis-Bacon Act and other program criteria. Certain HUD requirements may only be applicable when construction financing is utilized.

Information on project management and servicing will be required after endorsement. Additionally, the HFA must submit semiannual reports and must maintain its eligibility by continued compliance with the Risk-Sharing Agreement, the related regulatory agreement, and all the requirements for initial program eligibility.

FHA Mortgage Insurance

The Series 2018 A Loan, in order to qualify for financing, must be insured under the Risk-Sharing Act or any section of the National Housing Act, as amended, providing insurance benefits at least equal to the insurance benefits provided under the Risk-Sharing Act. The Series 2018 A Loan will be insured by FHA under the Risk-Sharing Act. Pursuant to the Indenture, the Agency may issue Bonds from time to time and use the proceeds of such Bonds to finance projects during construction (“construction financing”) and/or subsequent to the completion of construction (“permanent financing”). If construction financing is being provided, Federal mortgage insurance will be used to insure advances. Such insurance of advances is evidenced by an initial endorsement of the mortgage note by HUD. There is no initial endorsement of projects utilizing only permanent financing. In both construction financing and permanent financing, upon completion of construction, Federal mortgage insurance of the final mortgage amount will be evidenced by final endorsement of the mortgage note.

Construction advances ordinarily occur upon the commencement of construction at initial endorsement although construction may begin using a mortgagor’s own funds with the Agency’s consent prior to initial endorsement. Upon completion of construction, presentation of a closing docket and certifications required by the Regulations, HUD issues a final endorsement of the mortgage note for the costs related to the project which have been certified by an independent certified public accountant and have been approved by the Agency. Although the Agency has been given authority to approve cost certifications by a mortgagor, such certifications are contestable by HUD, up to and during final endorsement of the applicable mortgage. In the event of a reduction by FHA in the principal amount to be insured from initial endorsement to final endorsement, the Series 2018 A Bonds will be subject to special optional redemption pursuant to the Series 2018 A Supplemental Indenture. See “THE SERIES 2018 A BONDS–Special Optional Redemption” herein. All advances for construction items will be made as authorized by the Agency pursuant to the requirements of HUD.

The Regulations define an event of default under a HUD-insured mortgage as (i) a failure to make any payment due under the mortgage or (ii) a failure to perform any other mortgage covenant (which includes covenants in the regulatory agreement, which is incorporated by reference in the applicable mortgage) if the Agency, because of such failure, has accelerated the debt. An Agency is entitled to receive the benefits of insurance after the mortgagor has defaulted and such default continues for a period of 30 days. If the default continues to exist at the end of the 30-day grace period, the Agency is required to give HUD written notice of the default within 10 days after such grace period and monthly thereafter, unless waived by HUD, until such default has been cured or the Agency has filed an application for an initial claim payment. Unless a written extension is granted by HUD, the Agency must file an application for initial claim payment (or, if appropriate, for partial claim payment) within 75 days from the date of default. Such claim may be made as early as the first day of the month following the month for which a payment was missed. Upon request of the Agency, HUD may extend, up to 180 days from the date of default, the deadline for filing a claim. In those cases where the Agency certifies that the project owner is in the process of transacting a bond refunding, refinancing the mortgage, or changing the ownership for the purpose of curing the default and bringing the mortgage current, HUD may extend the deadline for filing a claim beyond 180 days.

The initial claim amount is based on the unpaid principal balance of the Note as of the date of default, plus interest on the Note from the date of default to the date of initial claim payment. The Note interest component of the initial claim amount is subject to limitation as described below. HUD must make all claim payments in cash. The initial claim payment to the Agency is equal to the initial claim amount, less any delinquent mortgage insurance premiums, late charges and interest assessment under the Regulations. The Agency must use the proceeds of the initial claim payment to retire any Bonds or any other financing mechanisms securing the Mortgage within 30 days of the initial claim payment. Any excess

funds resulting from such retirement or repayment shall be returned to HUD within 30 days of the retirement. Within 30 days of the initial claim payment, the Agency must also issue to HUD a debenture (the “HFA Debenture”), payable in five years unless extended, in an amount equal to the amount of the initial claim payment, representing the Agency’s obligation to HUD under its Risk-Sharing Agreement.

In determining the Note interest component of the initial claim amount, if the Agency fails to meet any of the requirements of the Regulations within the specified time (including any granted extension of time), HUD shall curtail the accrual of mortgage note interest by the number of days by which the required action was late. Losses sustained as a consequence of the sole negligence of the Agency will be the sole obligation of the Agency, notwithstanding the risk apportionment otherwise agreed to by HUD and the Agency.

Final Claim Settlement and HFA Debenture Redemption

After payment of the initial claim, the HFA is responsible for disposing of the Project. After disposition of the Project or five years, whichever is earlier, the HFA must apply for final claim settlement. The “loss” to be shared by the HFA and HUD shall be calculated based on the disposition value or appraised value, as determined by the Regulations.

(a) ***Final Claim Payment.*** If the initial claim amount, as determined above, is less than HUD’s share of the loss, HUD shall make a final claim payment to the HFA that is equal to the difference between HUD’s share of the loss and the initial claim amount and shall return the HFA Debenture to the HFA for cancellation.

(b) ***HFA Reimbursement Payment.*** If the initial claim amount, as determined above, is more than HUD’s share of the loss, the HFA shall, within 30 days of notification by HUD of the amount due, remit to HUD an amount that is equal to the difference between the initial claim amount and HUD’s share of the loss. The funds must be remitted in a manner prescribed in the administrative procedures of the Commissioner of the Federal Housing Administration (the “Commissioner”). The HFA Debenture will be considered redeemed upon HUD’s receipt of the HFA’s cash payment.

(c) ***Losses.*** Losses sustained as a consequence of the (sole) negligence of an HFA (e.g., failure to acquire adequate hazard insurance where such insurance is available) shall be the sole obligation of the HFA, notwithstanding the risk apportionment otherwise agreed to by HUD and the HFA.

HUD will monitor the performance of the HFA for compliance with the provisions of the Regulations.

Partial Payment of Claim

In the event of a Mortgage default beyond the control of the Borrower where the related project is still financially viable, the HFA may apply for a partial payment of insurance benefits in an amount necessary to cure the default pursuant to the Regulations in lieu of filing a claim for full FHA insurance benefits. Only one partial payment of claim may be requested with regard to any insured Mortgage. In connection therewith, a modification to such Mortgage shall be prepared showing the reduction in the principal balance of the Mortgage (and deferral of interest, if applicable) corresponding to the partial payment of claim.

Upon HUD’s approval of the HFA’s partial payment of claim proposal, HUD will pay insurance benefits to the HFA equal to 100% of the claim amount. Pursuant to the Risk-Sharing Agreement, HFA

will, thereupon, reimburse HUD 10% of the insurance benefits paid by HUD. These partial payments of claim proceeds shall be applied to a special optional redemption of the Series 2018 A Bonds.

In such cases, the HFA shall take back a second note equal to the full amount of the partial payment of claim paid, and shall remit to HUD its share of payments received on account of such second note within 15 days of the HFA's receipt thereof.

Project Management and Servicing

The Agency will service the Series 2018 A Loan. The Regulations provide that the HFA will have full responsibility for administration of the provisions in the Regulations, relating to monitoring and determining compliance by the Borrower with HUD requirements.

The FHA Regulatory Agreement

The Regulations require the HFA to execute a regulatory agreement (the "FHA Regulatory Agreement") in recordable form between the Borrower and the HFA. The FHA Regulatory Agreement must require the Borrower to comply with the provisions of the Regulations, among other things, and obligate the Borrower, among other things to:

- (1) make all payments due under the Mortgage and Note;
- (2) if necessary, establish a sinking fund for future capital needs;
- (3) maintain the project as affordable housing, as defined in the Regulations;
- (4) maintain use of the dwelling units in the Project for the purpose and use originally intended at the time of issuance of the Series 2018 A Bonds; and
- (5) comply with such other requirements as may be established by the HFA and as set forth in the FHA Regulatory Agreement.

Sanctions

HUD, under the Regulations, shall monitor the HFA's performance under, and compliance with, the Regulations. In the event that HUD finds such noncompliance, it may take action against the HFA. Depending on the nature and extent of such noncompliance, HUD, through a designated office, may take any of the following actions:

- (1) require that the HFA execute a trust agreement, establish a trust account in accordance with such agreement, and fund such account which may be drawn upon by HUD for purposes of meeting the HFA's risk-sharing obligations;
- (2) require the HFA to assume a higher portion of risk for the subject and future mortgages;
- (3) recommend to the Commissioner that the HFA be required to contract its loan servicing or property disposition functions to a third party;
- (4) recommend to the Commissioner that the mortgage insurance be terminated in cases of fraud or material misrepresentation by the HFA, or transfer of interest in an insured mortgage or assignment of the mortgage not in accordance with the requirements of this part;

(5) recommend to the Commissioner that approval for the HFA to participate in the program be suspended or withdrawn;

(6) recommend to the Commissioner that the HFA's mortgage approval be withdrawn pursuant to 24 CFR Part 25 or that penalties be imposed pursuant to 24 CFR Part 30; and

(7) require additional financial or other reports as may be necessary to monitor the activities of the HFA more closely.

Termination of Contract of Insurance

Pursuant to the Regulations, the contract relating to federal mortgage insurance shall terminate if any of the following occurs:

- (a) the Mortgage is paid in full;
- (b) the HFA acquires the mortgaged property and notifies the Commissioner that it will not file an insurance claim;
- (c) a party other than the HFA acquires the property at a foreclosure sale;
- (d) the HFA notifies the Commissioner of termination of insurance (voluntary termination);
- (e) the HFA or its successors commit fraud or make a material misrepresentation to the Commissioner with respect to information culminating in the Contract of Insurance on the mortgage or while the Contract of Insurance is in existence;
- (f) the receipt by the Commissioner of an application for final claims settlement; or
- (g) if the HFA acquires the mortgaged property and fails to make an initial claim for insurance benefits.

APPENDIX F

FEDERAL HOUSING SUBSIDY PROGRAMS

Section 8 Program

General. The following is a brief description of the housing assistance payments program for new construction and substantial rehabilitation authorized by Section 8 of the United States Housing Act of 1937, as amended (the "Housing Act") as such program relates to the Loans. Such description is qualified in its entirety by reference to the applicable provisions of the Housing Act and the regulations promulgated thereunder. Although the Housing and Urban Recovery Act of 1983 repealed the new construction and substantial rehabilitation programs of Section 8 as of October 1, 1983, any projects receiving funding under such programs are still subject to regulation under those programs. The housing assistance payments program authorized by Section 8 for moderate rehabilitation or for existing housing may differ. Reference is made to the Housing Act and regulations thereunder for a complete description.

Provision has been made under the Housing Act and the United States Department of Housing and Urban Development ("HUD") regulations for the administration of Section 8 subsidies through state housing finance or development agencies, including the District of Columbia Housing Authority ("DCHA").

Subsidy Contracts. Under the Section 8 housing assistance payments program, three principal contracts may be executed. The owner and HUD or a public housing agency under contract with HUD, including the Department, may execute either a Housing Assistance Payments Contract ("HAP Contract") if tenants are already in place, or an Agreement to Enter Into Housing Assistance Payments Contract ("AHAP") with respect to a development to be constructed or rehabilitated. The HAP Contract or AHAP is approved by HUD. An AHAP, subject to certain conditions, commits the owner to enter into a HAP Contract upon completion and acceptance of the development. The HAP Contract is executed by the owner and the public housing agency and approved by HUD. In connection with the HAP Contracts, the public housing agency and HUD enter into an Annual Contributions Contract ("ACC") which provides for the disbursement by the public housing agency, as HUD's agent, of housing assistance payments in accordance with the terms of the HAP Contract. The ACC and the HAP Contract usually provide for the payment of the Section 8 subsidy for an initial term, sometimes automatically renewable for additional terms of not more than five years each, with a maximum term of up to 40 years. See APPENDIX C - "DESCRIPTION OF LOANS AND PROJECTS" for selected information on the Loans, including the terms of applicable HAP Contracts.

Payments received under the HAP Contracts constitute a primary source of revenues for many of the Projects. Therefore, the termination of a HAP Contract prior to the maturity date of the related loan would have a material adverse impact on the ability of a Project to generate revenues sufficient to pay the principal of and interest on a Loan if the HAP Contract or other similar financial assistance program is not extended by HUD at the expiration of a HAP Contract, if a public housing agency does not continue to allocate on an annual basis Section 8 certificates or housing vouchers to tenants in a development, or the owner is otherwise unable to lease substantially all of the units in the development at rentals which produce revenues equivalent to those which would have been received if the term of the HAP Contract had been extended for the term of a Loan. In such event, there is a likelihood of a default on the related Loan if the term of such Loan exceeds that of the HAP Contract.

Calculation and Payment of Subsidy. The HAP Contract specifies a "Contract Rent" for each assisted dwelling unit. The Contract Rent is generally limited by the "fair market rents" established by HUD and published in the Federal Register and by the rents of unassisted units of similar age, design,

location and amenities. The Contract Rent for the assisted dwelling units in each development is adjusted by HUD annually pursuant to an adjustment factor established by HUD.

An amount equal to the Contract Rent for each assisted dwelling unit is set aside by HUD in an ACC Reserve Account for each development. Each month, HUD pays from such accounts to the public housing agency, for the account of the owner, an amount equal to the Contract Rent and utilities allowance for each assisted dwelling unit less up to 30% of the resident's income, with certain adjustments. This latter amount is paid directly to the owner by the resident. The proportion of the Contract Rent actually paid by HUD and the resident may vary from month to month depending upon the resident's income. Funds left in the project account are held over to cover future contingencies or rent increases.

Generally, the Section 8 subsidy is payable only when a dwelling unit is occupied by an eligible tenant. However, HUD regulations provide for payments to be made under certain limited circumstances when the unit is not occupied. Subject to certain conditions, after rent-up a subsidy equal to 80% of Contract rents is payable for vacant units for a period of 60 days, and thereafter for an additional 12-month period in an amount equal to the debt service attributable to the unit, subject to additional conditions.

The housing assistance payments are made by HUD directly to the owner and, together with any tenants' contributions, are available to pay debt service on the mortgage note and operating costs of the development and, except in the case of owners organized as nonprofit entities, a return on the owner's initial equity in the development. The owner is responsible to pay debt service, escrows and reserve requirements.

Adjustment of Subsidy Amount. HUD regulations provide for the determination by HUD of an adjustment factor at least once a year. On each anniversary date of the HAP Contract, Contract Rents are adjusted upon request from the owner to the contract administrator in accordance with this factor. Current law and HUD regulations require that rent adjustments not result in material differences between the Contract Rents and rents for comparable unassisted units, except to the extent that the differences existed at the time of execution of the HAP Contract. Current law requires HUD to deny rent adjustments to those Section 8 projects with rents above the applicable fair market rents established by HUD unless the mortgagor demonstrates that the adjusted rent would not exceed rents for comparable unassisted units (plus the initial rent difference), and also requires HUD to reduce the annual adjustment factor by one percentage point for those units in which there was no tenant turnover during the previous year. In addition, provision is made in HUD regulations for special additional adjustments to reflect increases in the actual and necessary expenses of owning and maintaining the subsidized units which have resulted from substantial general increases in real property taxes, utility rates or similar costs, to the extent that such general increases are not adequately compensated for by the automatic annual adjustments. There is no assurance that such adjustments or special additional adjustments will in fact be sufficient to cover such cost increases. Current federal law provides that Contract Rents in effect on or after April 15, 1987 for newly constructed, substantially rehabilitated or moderately rehabilitated projects may not be reduced unless the project has been refinanced in a manner that reduces the periodic payments of the owner.

The ACC provides that the maximum amount of annual contributions initially available for housing assistance payments will equal the initial Contract Rents and utilities allowances for all assisted units in the development.

In the event that increases in Contract Rents resulting from automatic or special adjustments require annual contributions in excess of the amount then available under the ACC, and HUD approves the estimated required amount for the project, the Section 8 program provides that the Secretary of HUD shall take such steps as may be necessary, including paying annual contributions in amounts in excess of the amounts initially contracted for, reserving annual contributions authorized for the purpose of amending ACCs, or allocating a portion of new authorizations to amend ACCs and HAP Contracts, to assure that

assistance payments are increased on a timely basis to cover increases in Contract Rents or decreases in family incomes. HUD's ability to implement such steps may be dependent upon Congressional appropriations of funds.

Termination of Subsidy Contracts. Housing assistance payments do not automatically terminate if a mortgage loan is in default. In addition, in the event of foreclosure, or an assignment or sale to the public housing agency in lieu of foreclosure, or in the event of assignment or sale agreed to by the public housing agency and approved by HUD, housing assistance payments in most cases continue in accordance with the terms of the HAP Contract. However, HUD has reserved the right in the event of a default with respect to the mortgagor's obligations under the HAP Contract to take corrective action, abate or terminate housing assistance payments or terminate the HAP Contract in accordance with the provisions of the ACC after providing reasonable notice to the public housing agency and opportunity to correct the default.

Compliance with Subsidy Contracts. Each ACC and HAP Contract contains, where applicable, agreements on the part of HUD, DCHA and the owner concerning, among other things, maintenance of the housing development as decent, safe and sanitary housing and compliance with a number of requirements typical of federal contracts (such as non-discrimination, equal employment opportunity, relocation, pollution control and labor standards) as to which noncompliance by either the public housing agency or the owner, or both, may abate the payment of the federal subsidy, in whole or in part. Under Loans financed by the Agency, default by an owner in the performance of its obligations is an event of default under the terms of its mortgage, which would permit foreclosure by the Agency

Housing assistance payments will continue as long as the owner complies with the requirements of the HAP Contract and has leased the assisted units to eligible tenants or satisfies the criteria for receiving assistance for vacant units. The public housing agency, which has primary responsibility for administering the HAP Contract subject to review and audit by HUD, may require the owner to cure any default under the HAP Contract and may abate housing assistance payments and recover over-payments pending remedy of the default. If the default is not cured, the public housing agency may terminate the HAP Contract or take other corrective action, as directed by HUD. HUD has an independent right to determine whether the owner is in default, to take corrective action, and to apply appropriate remedies.

If HUD determines that the DCHA has failed to fulfill its obligations, HUD may, after notice to DCHA giving it a reasonable opportunity to pursue corrective action, require that DCHA assign to HUD all its rights under the HAP Contract.

HUD's ability to fund contract amendments or renewals is subject to annual appropriations. HUD's provision of such amendments and renewals was partially disrupted for a temporary period during the past year, when HUD determined appropriations to be inadequate to fulfill all such needs.

Eligible Tenants. An eligible tenant for a Section 8-assisted unit or a Housing Voucher is a family or an individual whose income, determined in accordance with HUD schedules and criteria, does not exceed the income limits prescribed by HUD for the area in which the development is located. Under existing HUD regulations, the income limit is generally fifty percent (50%) of the area's median income, with further adjustment for the size of the tenant's family and regional economic conditions; although tenants in up to twenty five percent (25%) of units (fifteen percent (15%) for developments with HAP contracts dated after October 1, 1981) may have incomes up to eighty percent (80%) of the area's medium income, as adjusted by HUD. Recent legislation also requires that not less than forty percent (40%) of the dwelling units that become available for occupancy in any fiscal year shall be available for leasing only by families whose annual income does not exceed thirty percent (30%) of area median income (as determined by HUD and adjusted for family size) at the time of admission.

Expiring HAP Contracts. Until 1997, there was substantial uncertainty as to what would happen to Section 8 assisted developments upon the expiration of their HAP contracts at the end of their terms. HUD's Fiscal Year 1998 Appropriations Act, Pub. L. 105-65, signed into law on October 27, 1997, included within it the "Multifamily Assisted Housing Reform and Affordability Act of 1997" (as amended, the "Restructuring Act"), which has been further amended by the "Preserving Affordable Housing for Senior Citizens and Families into the 21st Century Act," enacted by Congress as part of HUD's Year 2000 Appropriations Act (the "Year 2000 Amendments"). The Restructuring Act implements a new "Mark-to-Market" program pursuant to which many FHA insured Section 8 developments with expiring HAP Contracts and above-market rents will be eligible for restructuring plans, and, upon restructuring, may receive continuing Section 8 assistance. These restructuring plans may include refinancing and/or partial payment of mortgage debt, intended to permit the reduction of Section 8 rent levels to those of comparable market rate properties or to the minimum level necessary to support proper operations and maintenance. The Restructuring Act provides, however, that no restructuring or renewal of HAP Contracts will occur if the owner of a project has engaged in material adverse financial or managerial actions with respect to that project or other federally assisted projects, or if the poor condition of the project cannot be remedied in a cost effective manner. In addition, the Year 2000 Amendments provided for a new program for preservation of Section 8 developments (including Section 236 developments that have project based HAP Contracts) that allows increases in Section 8 rent levels for certain developments that have below market rents, to market or near market rate levels (the "Mark-to-Market Program").

The restructuring (or expiration and renewal of HAP Contracts) is designed also to result in a change from "project-based" to "tenant-based" Section 8 payments in many cases. In the former circumstances, the HAP Contract is associated with a particular development and the units therein, and when a tenant moves from the development, the successor tenant, assuming that he or she is within the applicable income limits, will receive the benefit of the Section 8 payments. With "tenant-based" assistance, the Section 8 subsidy is associated with a particular tenant, and when the tenant moves from the development, the successor tenant will not receive the benefit of the Section 8 payments.

Although the primary focus of the Mark-to-Market Program is developments that have FHA-insured mortgages with terms ranging from 30 to 40 years and which have HAP Contracts with substantially shorter terms, the Restructuring Act contains distinct mortgage restructuring and HAP Contract renewal and contract rent determination standards for Section 8 developments for which the primary financing or mortgage insurance was provided by a state or local government, or a unit or instrumentality of such government. Upon the request of the owner of such a development, HUD is currently required to renew an expiring HAP Contract (absent certain actions or omissions of an owner or affiliate and subject to certain verifications). Under current HUD policy, renewals are expected to be made for an initial term of one year, with initial rents at the lesser of: (1) existing rents adjusted by an Operating Costs Adjustment Factor ("OCAF") established by HUD, or (2) a budget-based rent determined by HUD. Under current law, future rent adjustments will be determined using an OCAF or a budget-based adjustment. While it is anticipated that any such adjustment will be structured so as to take due account of debt service requirements, there can be no assurance that rent adjustments will provide for contract rents adequate to pay principal of and interest on Bonds. More generally, there can be no assurance that future policies or funding levels will continue to make renewals and rent adjustments available on the same terms as are currently anticipated.

Under the Year 2000 Amendments, Section 8 developments with FHA-insured mortgages for which the primary financing was provided by a unit of state or local government, such as DCHA, are subject to the Mark-to-Market program unless implementation of a mortgage restructuring plan would be in conflict with applicable law or agreements governing such financing. To the extent any such state and local government financed Section 8 developments with FHA-insured mortgages are determined not to qualify for the Mark-to-Market program, such developments would be treated in the same manner as other

Section 8 developments, as discussed above, that do not have FHA-insured mortgages. To the extent any such Section 8 developments are determined to be eligible for the Mark-to-Market program, all or a portion of the debt for such developments may be prepaid as part of a restructuring agreement.

HAP Contract rents under the Restructuring Act may be significantly lower than the current HAP Contract rents in Section 8 developments, and the corresponding reduction in Section 8 subsidy payments for such developments could materially adversely affect the ability of the owners of such developments to pay debt service on the Loans. Any termination or expiration of HAP Contracts, without renewal or replacement with other project-based assistance (whether due to enactment of additional legislation, material adverse financial or managerial actions by a mortgagor, poor condition of the development or other causes) could also have a material adverse impact on the ability of the related Section 8 developments to generate revenues sufficient to pay debt service on the Loans. In such an instance, a default under the FHA-insured mortgage would result in a claim for payment of mortgage insurance benefits.

While the Restructuring Act generally allows owners to renew HAP Contracts (absent certain material adverse conduct or conditions), owners are not required to renew HAP Contracts beyond their expiration. Upon an election not to renew a HAP Contract, owners are required to provide certain notices and transitional tenant protections.

In recent internal correspondence, HUD has interpreted a provision in certain HAP Contracts to mean that upon a refinancing or other prepayment of the permanent mortgage loan, the HAP Contract terminates. This affects only developments that do not have FHA-insured mortgages and have HAP Contracts that (i) have terms of 30 or 40 years, (ii) were originated under the State Agency Program, and (iii) were, as a general matter, executed prior to February 1980. DCHA is examining the effect, if any, of this policy on its portfolio. HUD has indicated that it is willing to amend the offending language in such HAP Contracts to remove the termination provision, but it is not known whether the owners of Section 8 assisted developments will agree to such an amendment, or whether this new interpretation by HUD will result in a greater number of mortgage prepayments.

APPENDIX G

SUMMARY OF CERTAIN PROVISIONS OF THE MASTER INDENTURE

The Master Indenture contains terms and conditions relating to the issuance and sale of Bonds under it, including various covenants and security provisions, certain of which are summarized below. This summary does not purport to be comprehensive or definitive and is subject to all of the provisions of the Master Indenture to which reference is hereby made and which should be read in full for a complete understanding of all of the terms and provisions thereof. Copies of the Master Indenture are available from the Agency or the Trustee. This summary uses various terms defined in the Master Indenture and such terms as used herein shall have the same meanings as so defined.

Provisions for Issuance of Obligations

The Master Indenture authorizes the issuance of “Obligations,” defined as bonds, notes, debentures, interim certificates or other evidences of financial indebtedness of the Agency authorized to be issued under the Act, which will be issued as Parity Obligations, Non-Parity Obligations, or any combination thereof. “Parity Obligations” have a first priority pledge of, lien on, and security interest in, the Trust Estate, except with respect to Obligations which have a separate and distinct pledge of, lien on, and security interest in the Trust Estate, including, without limitation, the Series 2017 Bonds. “Non-Parity Obligations” are Obligations authorized under the Master Indenture, payable from Revenues either separate and distinct from or subordinate to the payments made with respect to the Parity Obligations, and, as provided in the Master Indenture, will be secured by a lien on and a pledge of Revenues separate and distinct from or junior and inferior to the lien on and pledge of the Revenues for the payment of Parity Obligations, all as set forth in the Master Indenture.

Each Supplemental Indenture authorizing an issuance of Obligations must specify:

- (a) the authorized principal amount, Series designation of such Obligations, whether such Obligations are Term Bonds or Serial Bonds, and a designation of such Obligations as Parity Obligations or Non-Parity Obligations;
- (b) the purposes for which such Obligations are being issued, which will be limited to (i) financing of one or more Loans or the purchase of Mortgage-Backed Securities backed by Loans, (ii) the making of deposits in the amounts, if any, required or permitted by the Master Indenture or such Series 2017 Indenture into the Funds and Accounts established under the Master Indenture or under such Series 2017 Indenture, (iii) the refunding of Obligations or any other bonds, notes or other obligations of the Agency or other entity, (iv) financing one or more other Agency Purposes, or (v) any combination of the foregoing;
- (c) the dated dates and maturity dates of such Obligations;
- (d) the interest rate or rates of such Obligations (or the manner of determining such rate or rates) and the Interest Payment Dates therefor;
- (e) the denominations of, and the manner of dating, numbering and lettering, such Obligations;
- (f) the Trustee and the places of payment of such Obligations or, subject to the Master Indenture, the manner of appointing and designating the same;

- (g) the Redemption Prices, if any, of and, subject to the provisions of the Master Indenture, the redemption terms for such Obligations;
- (h) the amounts and due dates of the Sinking Fund Payments, if any, for any of such Obligations of like maturity;
- (i) the amount of the Debt Service Reserve Requirement with respect to such Obligations, which amount may be zero;
- (j) provisions concerning the forms of such Obligations, and of the Trustee's certificate of authentication;
- (k) provisions concerning any Credit Enhancement to be provided in connection with such Obligations;
- (l) provisions concerning the issuance of such Obligations in book-entry form, if applicable; and
- (m) any other provisions deemed advisable by the Agency as will not conflict with the provisions of the Master Indenture.

Non-Parity Obligations

The Agency may from time to time issue and/or execute and deliver Non-Parity Obligations to be secured by the Master Indenture on a non-parity or subordinated basis, subject to the conditions hereinafter provided in the Master Indenture. Payment of Non-Parity Obligations may be secured by the pledge of funds and accounts under the Master Indenture to the extent specified in the applicable Supplemental Indenture, either subordinate to or separate and distinct from the pledge securing Parity Obligations, and upon such terms and conditions set forth in the Supplemental Indenture authorizing such Non-Parity Obligations. Non-Parity Obligations may be payable from Revenues derived under the Master Indenture, but only (A) after payment of all other amounts payable from Revenues pledged to the payment of Parity Obligations or (B) from Revenues held separate and distinct from Revenues pledged to the payment of Parity Obligations.

The Agency may establish one or more Non-Parity Obligation accounts or subaccounts within any Fund or Account created under the Master Indenture for the following purposes:

- (a) deposit, investment and custody of: (1) all or any portion of the proceeds of any Non-Parity Obligations, (2) all or any portion of any Revenues from any Loan financed with the proceeds of Non-Parity Obligations, (3) any other moneys received with respect to a such Loan, and (4) any Revenues pledged to payment of such Non-Parity Obligations (subject to any prior claims as provided in the applicable Supplemental Indenture); and
- (b) payment of such Non-Parity Obligations.

The Supplemental Indenture authorizing Non-Parity Obligations may provide that such Non-Parity Obligations shall be secured solely by such proceeds or Revenues and not by any other moneys, funds or accounts held under the Master Indenture, and that such proceeds or Revenues shall not constitute security for or a source of payment of any other Series of Obligations or other Non-Parity Obligations outstanding or thereafter issued under or entered into in accordance with the Master Indenture. The Supplemental

Indenture authorizing Non-Parity Obligations may establish different priorities of payment and security among different Non-Parity Obligations.

Funds and Accounts

The Master Indenture establishes, or provides for the establishment of, the following Funds and Accounts (collectively, the “Funds and Accounts”) to be held by the Trustee: Proceeds Fund, Revenue Fund, Redemption Fund, Debt Service Reserve Fund, Rebate Fund, and Program Subsidy Fund. The Agency may direct the Trustee to establish Accounts or sub-accounts within each Fund to the extent consistent with the Master Indenture (including Accounts and sub-accounts held in trust for the benefit of Non-Parity Obligations and Parity Obligations) and such other Funds or Accounts as are authorized pursuant to a Supplemental Indenture.

Proceeds Fund

(A) There shall be deposited from time to time in the Proceeds Fund any proceeds of the sale of Obligations representing principal or premium or other amounts required to be deposited therein pursuant to the Master Indenture and any Supplemental Indenture, and any other amounts determined by the Agency to be deposited therein from time to time.

(B) Subject to the provisions of the applicable Supplemental Indenture, amounts in the Proceeds Fund shall be expended only (i) to finance one or more of the Agency Purposes, including but not limited to, the financing or purchasing of Loans, in accordance with the Master Indenture, which may include making Loans, acquiring Loans or refinancing Loans, and the financing of Mortgage-Backed Securities, which may include acquiring Mortgage-Backed Securities or refinancing Mortgage-Backed Securities; (ii) to pay Costs of Issuance; (iii) to pay principal of and interest on a Series of Obligations when due, in accordance with subsection (D) of this section, to the extent amounts in the Revenue Fund are insufficient for such purpose; (iv) to purchase or redeem a Series in accordance with subsection I of this section; (v) to pay, purchase or redeem bonds, notes or other obligations of the Agency or any other entity in accordance with subsection I of this section and (vi) if so provided in a Supplemental Indenture, to reimburse a Credit Enhancer for amounts obtained under Credit Enhancement for the purposes described in clauses (iii), (iv) or (v) of this subsection (B).

(C) The Trustee shall pay out and permit the withdrawal of amounts on deposit in the Proceeds Fund at any time for the purpose of making payments pursuant to clause (i) or (ii) of paragraph (B) of this section, but only upon receipt of:

(1) a written requisition of an Authorized Officer of the Agency, in the form attached to a Supplemental Indenture, setting forth the amount to be paid, the person or persons to whom such payment is to be made (which may be or include the Agency) and, in reasonable detail, the purpose of such withdrawal, and, if applicable, the subaccount of the Proceeds Fund from which such withdrawal is to be made; and

(2) other items as shall be required under the Master Indenture and a Supplemental Indenture.

(D) At any time the Agency may direct the Trustee in writing to transfer amounts in the Proceeds Fund not required for the financing of the Agency Purposes to the Redemption Fund or to apply such amounts directly to the redemption, purchase or retirement of Obligations in accordance with their terms and the provisions of the Master Indenture.

(E) If so provided in a Supplemental Indenture authorizing the issuance of a Series of Obligations, the Agency may direct the Trustee in writing to transfer amounts in the Proceeds Fund to fund the payment, purchase or redemption of a Series of Obligations, which may include interest thereon, theretofore issued by the Agency or any other entity upon receipt by the Trustee of a written requisition setting forth (i) the Series of Obligations with respect to which the transfer is to be made, and (ii) the amount of the transfer.

(F) Upon the final disbursement of amounts on deposit in the Proceeds Fund or any sub-account thereof, at the direction of the Agency, the Trustee shall close the Proceeds Fund or such sub-account thereof.

Revenue Fund

(A) The Agency shall cause all Pledged Receipts to be deposited promptly with the Trustee in the Revenue Fund or any subaccount created therein. There shall also be deposited in the Revenue Fund or any subaccount created therein any other amounts required to be deposited therein pursuant to the Master Indenture and any Supplemental Indenture.

(B) Except as otherwise provided in a Supplemental Indenture with respect to a Series of Obligations, the Trustee shall pay out of the Revenue Fund and the subaccounts created thereunder, as applicable, (i) on or before each Interest Payment Date, the amounts required for the payment of the Principal Installments, if any, and interest due on a Series of Obligations on such date, and (ii) on or before the Redemption Date or date of purchase, the amounts required to pay the Redemption Price on Outstanding Obligations to be redeemed or purchased on such date and in each such case, such amounts shall be applied by the Trustee to such payments; provided, however, that if, pursuant to a Supplemental Indenture, amounts obtained under Credit Enhancement are to be used to make the payments referred to in this paragraph (B), then amounts in the Revenue Fund which would have otherwise been used to make such payments may be applied to reimburse the Credit Enhancer for the amounts so obtained, all in accordance with such Supplemental Indenture.

(C) Any amount accumulated in the Revenue Fund up to the unsatisfied balance of a Sinking Fund Payment may, and if so directed in writing by the Agency shall, be applied (together with amounts accumulated in the Revenue Fund with respect to interest on the Obligations for which such Sinking Fund Payment was established) by the Trustee prior to the thirtieth day preceding the due date of such Sinking Fund Payment (i) to the purchase of Obligations of a Series of the maturity for which such Sinking Fund Payment was established, at prices (including any brokerage and other charges) not exceeding the Redemption Price for such Series of Obligations when such Series Obligations are redeemable by application of said Sinking Fund Payment plus unpaid interest accrued to the date of purchase, such purchases to be made in such manner as the Agency shall direct, or (ii) to the redemption of such Obligations, if then redeemable by their terms, at the Redemption Prices referred to above; provided, however, that, to the extent permitted by law, the purchase of such Obligations may be at prices exceeding that set forth in clause (i) of this paragraph (C) if the Agency shall have filed with the Trustee a Cash Flow Statement or Cash Flow Certificate pursuant to the Master Indenture, if required by the Master Indenture and the Supplemental Indenture and provided further, however, that if, pursuant to a Supplemental Indenture, amounts obtained under Credit Enhancement are to be used to make the purchases referred to in this paragraph (C), then amounts in the Revenue Fund which would have otherwise been used to make such purchases may be applied to reimburse the Credit Enhancer for the amounts so obtained, all in accordance with such Supplemental Indenture.

(D) Except as otherwise provided in an applicable Supplemental Indenture, upon the purchase or redemption of any Obligation of a Series pursuant to subsection (C) of this section, an amount equal to

the principal amount of the Obligations so purchased or redeemed shall be credited toward the next Sinking Fund Payment thereafter to become due with respect to the Obligations of a Series of such maturity and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Payment shall be credited by the Trustee against future Sinking Fund Payments in direct chronological order, unless otherwise instructed in writing by an Authorized Officer at the time of such purchase or redemption. Any such instructions shall be given in such manner as, in the best judgment of the Agency, shall provide for the payment of the Sinking Fund Payments thereafter to become due from the remaining Revenues to be derived in connection with the Loans and Mortgage-Backed Securities and any other Revenues expected to be available for such payments after considering the amounts payable pursuant to the Loans and Mortgage-Backed Securities at such time. The portion of any Sinking Fund Payment remaining after the crediting thereto of any such amounts and of any amounts to be credited thereto as provided in subsection (B) under the heading "Redemption Fund" below (or the original amount of any such Sinking Fund Payment if no such amounts shall have been credited toward the same) shall constitute the unsatisfied balance of such Sinking Fund Payment for the purpose of calculating Sinking Fund Payments due on a future date.

(E) Except as otherwise permitted in an applicable Supplemental Indenture, as soon as practicable after the thirtieth day preceding the due date of any such Sinking Fund Payment, the Trustee shall proceed to call for redemption pursuant to the Master Indenture, on such due date, Obligations of the maturity for which such Sinking Fund Payment was established in such amount as shall be necessary to complete the retirement of a principal amount of Obligations equal to the unsatisfied balance of such Sinking Fund Payment. The Trustee shall so call such Obligations of a Series for redemption whether or not it then has monies in the Revenue Fund sufficient to pay the applicable Redemption Price thereof on the Redemption Date. The Trustee shall pay out of the Revenue Fund the amount required for the redemption of the Obligations of a Series so called for redemption, and such amount shall be applied by the Trustee to such redemption; provided, however, that if, pursuant to a Supplemental Indenture, amounts obtained under Credit Enhancement are to be used to make the payments referred to in this paragraph I, then amounts in the Revenue Fund which would have otherwise been used to make such payments may be applied to reimburse the Credit Enhancer for the amounts so obtained, all in accordance with such Supplemental Indenture.

(F) On such date, if any, as shall be required by a Supplemental Indenture, the Trustee shall deliver to the Agency a certificate containing a statement which sets forth, as of such date, the amount remaining in the Revenue Fund as of such date after deducting all payments required to have been made pursuant to paragraph (B) of this Section and the amount, if any, required to be transferred to the Debt Service Reserve Fund and/or the Proceeds Fund. Concurrently with the delivery of such certificate, the Trustee shall transfer from the Revenue Fund (i) first, to the Debt Service Reserve Fund, an amount equal to the amount necessary to be transferred thereto in order that the amount on deposit therein be equal to the Debt Service Reserve Requirement (or such lesser amount as may be available), (ii) second, to the Proceeds Fund, such amount as the Agency determines is required to finance Agency Purposes, as evidenced by a certificate of an Authorized Officer, (iii) third, if so directed by the Agency, to the payment of Program Expenses and any other costs or expenses of the Agency in connection with any program of the Agency, as designated in a Certificate. At any time after the delivery of such certificate by the Trustee and after the transfers described in (i), (ii) and (iii) above, if applicable, have been made, except as otherwise provided in a Supplemental Indenture, the Agency may, upon the written request of an Authorized Officer and upon filing with the Trustee of a Cash Flow Statement or a Cash Flow Certificate pursuant to the Master Indenture, withdraw free and clear of the lien of the Master Indenture and the applicable Supplemental Indenture any amount remaining in the Revenue Fund. At the direction of the Agency, any such amounts may be deposited into the Program Subsidy Fund.

(G) Notwithstanding any other provision of this section, the Trustee may at any time make transfers from the Revenue Fund, upon the written direction of an Authorized Officer, to the Redemption

Fund for the purposes thereof. No such transfer shall be made, however, unless there is on deposit in the Revenue Fund after such transfer an amount equal to the Debt Service accrued on all Outstanding Obligations as of the date of such transfer.

(H) Notwithstanding any other provision of this section, no payments shall be required to be made into the Revenue Fund so long as the amount on deposit therein shall be sufficient to pay all Outstanding Obligations of each Series (including the Sinking Fund Payments for the retirement thereof) in accordance with their terms, and any Revenues thereafter received by the Agency may be applied to any Agency Purposes free and clear of the pledge and lien of the Master Indenture and the applicable Supplemental Indenture.

Redemption Fund

(A) There shall be deposited in the Redemption Fund all amounts which are required to be deposited therein pursuant to the Master Indenture and any Supplemental Indenture and any other amounts available therefor and determined by the Agency to be deposited therein. Subject to the provisions of the Master Indenture or of any Supplemental Indenture authorizing the issuance of a Series of Obligations requiring the application thereof to the payment, purchase or redemption of any particular Obligations, the Trustee shall apply any amounts deposited in the Redemption Fund to the purchase or redemption of Obligations at the times and in the manner provided in this section and the Master Indenture.

(B) Except as otherwise provided in an applicable Supplemental Indenture, at any time before the thirtieth day prior to the day upon which a Series of Obligations are to be paid or redeemed from such amounts, the Trustee shall, if so directed in writing by the Agency, apply amounts in the Redemption Fund to the purchase of any of the Obligations of a Series which may be paid or redeemed by application of amounts on deposit therein. The Trustee shall purchase Obligations of a Series at such times, for such prices, in such amounts and in such manner as the Agency shall from time to time direct. The foregoing notwithstanding, unless specifically directed otherwise by written instructions of an Authorized Officer and accompanied by a Cash Flow Statement or Cash Flow Certificate pursuant to the Master Indenture, any monies in the Redemption Fund resulting from Recoveries of Principal, or unless otherwise permitted pursuant to a Supplemental Indenture, shall be applied to the purchase or redemption of Obligations of the Series issued to finance the Loans or Mortgage-Backed Securities which gave rise to the Recoveries of Principal, such Obligations to be purchased or redeemed on a reasonably proportionate basis among all maturities of such Series based upon the principal amount of such Obligations then Outstanding as directed by the Agency. In the event that Sinking Fund Payments have been established for the Obligations so purchased or redeemed, such Sinking Fund Payments shall be credited in the manner provided in the Master Indenture. The purchase price paid by the Trustee (excluding accrued interest but including any brokerage and other charges) for any Obligation purchased shall not exceed the Redemption Price on such Obligations, if then subject to redemption, or if not subject to redemption, the Redemption Price payable on any such date upon which such Obligation is next subject to redemption other than from Sinking Fund Payments; provided, however, that, to the extent permitted by law, the purchase of such Obligations may be at prices exceeding that set forth above in this paragraph (B) as directed by the Agency if the Agency shall have filed with the Trustee a Cash Flow Statement or Cash Flow Certificate pursuant to the Master Indenture. In the event the Trustee is able to purchase Obligations of a Series at a price less than the Redemption Price at which such Obligations were to be redeemed, then, upon the payment by the Trustee of the purchase price of such Obligations, the Trustee shall transfer the difference between the amount of such purchase price and the amount of such Redemption Price to, and deposit the same in, the Revenue Fund.

(C) Except as otherwise specifically provided in the Master Indenture, the Trustee shall have no obligation to purchase or attempt to purchase Obligations at a price below the Redemption Price or at

any other price and any arm's length purchase by the Trustee shall conclusively be deemed fair and reasonable.

(D) Notwithstanding anything to the contrary contained in this section, if, pursuant to a Supplemental Indenture, amounts obtained under Credit Enhancement are to be used to purchase or redeem Obligations, then amounts in the Redemption Fund which would otherwise have been used for such purposes may be applied to reimburse the Credit Enhancer for the amounts so obtained, all in accordance with such Supplemental Indenture

Debt Service Reserve Fund

(A) There shall be deposited in the Debt Service Reserve Fund all amounts required to be deposited therein pursuant to the Master Indenture and any Supplemental Indenture and any other amounts received and determined to be deposited therein by the Agency.

(B) Amounts on deposit in the Debt Service Reserve Fund shall be applied, to the extent other funds are not available therefor pursuant to the Master Indenture and the applicable Supplemental Indenture, to pay the Principal Installments of and interest on the Outstanding Obligations of a Series when due, whether by call for redemption or otherwise. Whenever the amount in the Debt Service Reserve Fund exceeds the Debt Service Reserve Requirement for any given Series of Obligations, the Trustee shall, if so directed by the Agency pursuant to a written direction specifying the Debt Service Reserve Requirement, withdraw from the Debt Service Reserve Fund the amount of any excess therein over the Debt Service Reserve Requirement as of the date of such withdrawal and deposit the monies so withdrawn into the Revenue Fund.

(C) Moneys in the Debt Service Reserve Fund at the direction of the Agency shall, be withdrawn from the Debt Service Reserve Fund by the Trustee and deposited in the Redemption Fund for the purchase or redemption of Obligations at any time, provided that subsequent to such purchase or redemption the amount in the Debt Service Reserve Fund will not be less than the Debt Service Reserve Requirement.

(D) If on any Interest Payment Date or Redemption Date for a Series of Obligations the amount in the Revenue Fund and the Redemption Fund, as applicable, shall be less than the amount required for the payment of the Principal Installments and interest due on the Outstanding Obligations of such Series on such date, the Trustee shall apply amounts from the Debt Service Reserve Fund to the extent necessary to make good the deficiency. The Trustee will notify the Agency if, 30 days prior to any Interest Payment Date or Redemption Date, the amount on deposit in the Revenue Fund or the Redemption Fund, as applicable, is estimated by the Trustee to be insufficient to make any payment due without a draw on the Debt Service Reserve Fund.

(E) Notwithstanding anything to the contrary contained in this section, if, pursuant to a Supplemental Indenture, amounts obtained under Credit Enhancement are to be used to pay the Principal Installments of and interest on Obligations, then amounts in the Debt Service Reserve Fund which would otherwise have been used for such purposes may be applied to reimburse the Credit Enhancer for the amounts so obtained, all in accordance with such Supplemental Indenture.

Investment of Certain Funds

Monies in any Fund or Account that are pledged pursuant to the Master Indenture or any Supplemental Indenture shall be continuously invested and reinvested by the Trustee, at the direction of the Agency, in Investment Securities with a view toward maximizing yield (with proper preservation of

principal) and minimizing the instances of uninvested funds, while maintaining adequate levels of liquidity as required by the Master Indenture or any Supplemental Indenture. The Agency shall direct the Trustee from time to time as to the investment of amounts in the Funds and Accounts established or confirmed by the Master Indenture or any Supplemental Indenture. The Agency may direct the Trustee to invest and reinvest the monies in any Fund or Account in Investment Securities so that the maturity date or date of redemption at the option of the owner thereof shall coincide as nearly as practicable with (but in no event later than) the times at which monies are needed to be expended; provided, however, that with respect to monies in a Fund or Account established by a Supplemental Indenture that are not pledged pursuant to the Master Indenture, the Agency may, if so provided in such Supplemental Indenture, designate another party as authorized to direct the investment of monies in such Fund or Account. The Investment Securities purchased shall be held by the Trustee, or for its account as Trustee and shall be deemed at all times to be part of such Fund or Account, and the Trustee shall keep the Agency advised as to the details of all such investments. Subject to the provisions of the Master Indenture, the Trustee shall not be liable or responsible for any loss resulting from such investments. Investments authorized to be made by the Trustee pursuant to the Master Indenture may be made by the Trustee through its own bond or investment department, unless otherwise provided in a Supplemental Indenture.

Investment Securities purchased as an investment of monies in any Fund or Account held by the Trustee under the provisions of the Master Indenture or any Supplemental Indenture shall be deemed at all times to be a part of such Fund or Account but the income or interest earned and gains realized in excess of losses suffered by a Fund or Account due to the investment thereof shall be deposited in the Revenue Fund or shall be credited as Revenues to the Revenue Fund from time to time and reinvested, except as otherwise provided in Section 5.1(C) hereof or in a Supplemental Indenture with respect to a Fund or Account established thereunder and except for interest income representing a recovery of the premium and accrued interest, if any, included in the purchase price of any Investment Security, which shall be retained in the particular Fund or Account for which the Investment Security was purchased.

To the extent permitted by law, the Trustee may combine any amounts on deposit in the Funds and Accounts held under the Master Indenture for the purpose of purchasing Investment Securities. However, the Trustee shall maintain and keep separate accounts of such Funds and Accounts at all times.

Unless otherwise provided in a Supplemental Indenture, the Trustee shall, upon direction from the Agency or such other party as shall be designated in a Supplemental Indenture, sell, and make, or present for redemption or exchange, any Investment Security purchased by it pursuant to the Master Indenture or any Supplemental Indenture whenever it shall be necessary in order to provide monies to meet any payment or transfer from the Fund or Account for which such investment was made.

Unless an Event of Default has occurred under the Master Indenture, monies held in trust by the Trustee under the Master Indenture or under a Supplemental Indenture shall be invested by the Trustee, and Investment Securities shall be sold by the Trustee, only upon direction from the Agency or such other party as shall be designated in a Supplemental Indenture, given or confirmed in writing, instructing the Trustee to purchase or sell, as the case may be, specified Investment Securities.

Upon receipt of written instructions from an Authorized Officer of the Agency, the Trustee shall exchange any coin or currency of the United States of America or Investment Securities held by it pursuant to the Master Indenture or any Supplemental Indenture for any other coin or currency of the United States of America or Investment Securities of like amount.

The following qualify as “Investment Securities” under the Master Indenture:

- (1) Government Obligations;

(2) obligations of any state within the United States of America or of any political subdivision of such a state, provided that at the time of purchase, such obligations are rated in either of the two highest rating categories by the Rating Agency;

(3) obligations, debentures, participation certificates, notes or other obligations issued or unconditionally guaranteed by any of the following: Federal Home Loan Banks, Farm Credit System (including the Bank for Cooperatives, Federal Land Banks, Federal Farm Credit Banks and Federal Intermediate Credit Banks), Fannie Mae, Farmer's Home Administration (or its successor, the Rural Housing and Community Development Service), Freddie Mac, GNMA, Small Business Administration, Resolution Funding Corporation (REFCORP), or any other Federal agency or instrumentality backed by the full faith and credit of the United States of America;

(4) deposits in interest-bearing time or demand deposits, or certificates of deposit, secured by obligations described in clause (1), (2) or (3) above or fully insured by the Federal Deposit Insurance Agency or its successor;

(5) money market funds with a rating in the highest category of the Rating Agency;

(6) unsecured certificates of deposit, time deposits, banker's acceptances, repurchase agreements and commercial paper having maturities of not more than 365 days provided that such obligations are rated in the highest short term rating category of the Rating Agency;

(7) Stripped Securities: principal-only strips and interest-only strips of noncallable obligations issued by the Treasury, and REFCORP securities stripped by the Federal Reserve Bank of New York;

(8) guaranteed investment contracts or similar deposit agreements with insurance companies, banks or other financial institutions, provided the ratings on general unsecured obligations of such an institution are not lower than one notch below the Rating Agency's rating on the Obligations to be secured by such guaranteed investment contracts or similar deposit agreements; and

(9) Obligations issued under the Master Indenture.

Provided that it is expressly understood that the definition of Investment Securities shall be, and be deemed to be, expanded, or new definitions and related provisions shall be added to the Master Indenture, thus permitting investments with different characteristics from those permitted which an Authorized Officer deems from time to time to be in the interest of the Agency to include as Investment Securities, as reflected in a Certificate or in a Supplemental Indenture, if at the time of inclusion such inclusion will not, in and of itself, adversely affect the then existing ratings on the Obligations assigned to them by the Rating Agency.

Issuance of Additional Obligations

The Agency shall not hereafter create or permit the creation of or issue any obligations or create any indebtedness which will be secured by a superior charge and lien on the Revenues and assets pledged under or pursuant to the Master Indenture or any Supplemental Indenture for the payment of Parity Obligations; provided that the Agency may create or permit the creation of or issue any obligations or create any indebtedness which will constitute Non-Parity Obligations. In addition, the Agency shall not hereafter create or permit the creation of or issue any obligations or create any additional indebtedness, other than Obligations and except as expressly permitted by the Master Indenture or any Supplemental Indenture with respect to pledges made for the benefit of Credit Enhancers, which will be secured by an equal charge and

lien on the Revenues and assets pledged under or pursuant to the Master Indenture or any Supplemental Indenture.

The Agency expressly reserves the right to adopt one or more additional indentures for its purposes, and reserves the right to issue other obligations for such purposes that are not issued under the Master Indenture or any Supplemental Indenture.

Defaults and Remedies

The Master Indenture declares each of the following events an “Event of Default”:

(a) payment of the principal or Redemption Price, if any, of or interest on any such Series of Obligations when and as the same shall become due, whether at maturity or upon call for redemption or otherwise, shall not be made when and as the same shall become due; or

(b) the Agency shall fail or refuse to comply with the provisions of the Master Indenture or shall default in the performance or observance of any of the covenants, agreements or conditions on its part contained herein or in any applicable Supplemental Indenture or the Obligations, and such failure, refusal or default shall continue for a period of forty-five days after written notice thereof to the Agency by the Trustee or the owners of not less than a majority in principal amount of the Outstanding Obligations.

If the Agency determines that an Event of Default has occurred under paragraph (b) above, the Agency shall promptly notify the Trustee thereof.

The Master Indenture provides that upon the happening and continuance of any Event of Default, then, and in each such case, the Trustee may proceed, and upon the written request of the Holders of not less than a majority in principal amount of the Outstanding Bonds shall proceed, in its own name, to protect and enforce its rights and the rights of the Bondholders by such remedies as provided in the Master Indenture.

Among other remedies, the Trustee shall have the right to declare all Outstanding Obligations of such Series due and payable. Notwithstanding the foregoing to the contrary, the Trustee shall not declare the Outstanding Obligations of such Series to be due and payable following an Event of Default under paragraph (b) above unless the Trustee shall have received the prior written direction of the Holders of not less than one hundred per cent (100%) in principal amount of the Outstanding Obligations of such Series and shall have been properly indemnified by the Bondholders to the satisfaction of the Trustee.

Under the Master Indenture, in the event that upon the happening and continuance of any Event of Default the funds held by the Trustee shall be insufficient for the payment of the principal or Redemption Price, if any, of and interest then due on the Obligations affected, the Master Indenture establishes priority of payments inapplicable to Non-Parity Obligations payable from Funds and Accounts held separate and distinct from the lien of the Master Indenture and established for the exclusive payment of such Non-Parity Obligations.

Modifications of the Master Indenture

The Agency may adopt at any time or from time to time a Supplemental Indenture for any one or more of the following purposes without notification to or consent of the Bondholders, and any such Supplemental Indenture shall become effective in accordance with its terms upon the filing with the Trustee of a copy thereof certified by an Authorized Officer:

(1) to close the Master Indenture against, or provide limitations and restrictions in addition to the limitations and restrictions contained in the Master Indenture on, the authentication and delivery of Obligations or the issuance of other evidences of indebtedness;

(2) to add to the covenants and agreements of the Agency in the Master Indenture other covenants and agreements to be observed by the Agency which are not contrary to or inconsistent with the Master Indenture as theretofore in effect;

(3) to add to the limitations and restrictions in the Master Indenture other limitations and restrictions to be observed by the Agency which are not contrary to or inconsistent with the Master Indenture as then in effect;

(4) to surrender any right, power or privilege reserved to or conferred upon the Agency by the terms of the Master Indenture, but only if the surrender of such right, power or privilege is not contrary to or inconsistent with the covenants and agreements of the Agency contained in the Master Indenture;

(5) to confirm, as further assurance, any pledge under, and the subjection to any lien or pledge created or to be created by, the Master Indenture, of the Revenues or of any other revenues or assets;

(6) to modify any of the provisions of the Master Indenture in any respect whatever, but only if (i) such modification shall be, and be expressed to be, effective only after all Obligations Outstanding at the date of the adoption of such Supplemental Indenture shall cease to be Outstanding, and (ii) such Supplemental Indenture shall be specifically referred to in the text of all Obligations authenticated and delivered after the date of the adoption of such Supplemental Indenture and of Obligations issued in exchange therefor or in place thereof;

(7) to authorize the issuance of a Series of Obligations in accordance with the Master Indenture and to prescribe the terms and conditions thereof and any additional terms and conditions upon which such Series of Obligations may be issued;

(8) to comply with regulations or rulings issued with respect to the Code to the extent determined as necessary or desirable in Bond Counsel's opinion;

(9) to pledge under the Master Indenture any additional collateral as further security for the Obligations or specific Series of Obligations, including, but not limited to, additional Loans, Mortgage-Backed Securities or other assets or revenues;

(10) to modify or supplement the definition of Investment Securities, provided that any such modification shall not result in a reduction or withdrawal of the then existing ratings on the Obligations of a Series by the Rating Agency; and

(11) to make any additions, deletions or modifications to the Master Indenture as long as the additions, deletions or modifications, as the case may be, will not, in and of themselves, result in a reduction or withdrawal of the then existing ratings on the Outstanding Obligations of a Series by the Rating Agency.

Amendments other than as set forth in the preceding paragraph may be made with the written consent of the holders of (a) at least a majority amount of the applicable Obligations Outstanding at the time such consent is given and (b) in case less than all of the Obligations then Outstanding are affected by the modification or amendment, of the owners of at least a majority in principal amount of the Obligations so affected and Outstanding at the time such consent is given. No such amendment shall permit a change in the terms of redemption or maturity of the principal of any Outstanding Obligation or of any installment

of interest thereon or a reduction in the principal amount or Redemption Price thereof, or in the rate of interest thereon without the consent of the owner of such Obligation or shall reduce the percentages or otherwise affect the classes of Obligations the consent of the owners of which is required to effect such amendment or shall change or modify any of the rights or obligations of the Trustee without its assent thereto.

Defeasance

If the Agency shall pay or cause to be paid to the owners of all Obligations then Outstanding of a particular Series the principal and interest and Redemption Price, if any, to become due thereon, at the times and in the manner stipulated therein and in the Master Indenture and the applicable Supplemental Indenture, then the pledge of any Revenues and other monies, securities, funds and property pledged by the Master Indenture and under the applicable Supplemental Indenture and all other rights granted by the Master Indenture and by the applicable Supplemental Indenture shall be discharged and satisfied. In such event, the Trustee shall, upon the request of the Agency, execute and deliver to the Agency all such instruments as may be desirable to evidence such discharge and satisfaction and the Trustee shall pay over or deliver to the Agency all monies or securities held by it pursuant to the Master Indenture and the applicable Supplemental Indenture which are not required for the payment or redemption of Obligations not theretofore surrendered for such payment or redemption.

Obligations or interest installments for the payment or redemption of which monies, Government Obligations or other obligations described in clause (c) in this paragraph shall have been set aside and shall be held in trust by the Trustee (through deposit by the Agency of funds for such payment or redemption or otherwise) at the maturity or Redemption Date thereof shall be deemed to have been paid within the meaning and with the effect expressed in the paragraph immediately above under “APPENDIX G — SUMMARY OF CERTAIN PROVISIONS OF THE MASTER INDENTURE — Defeasance.” Except as otherwise provided in a Supplemental Indenture authorizing the issuance of a Series of Obligations, all Outstanding Obligations of any Series shall, prior to the maturity or Redemption Date thereof, be deemed to have been paid within the meaning and with the effect expressed in the paragraph immediately above under “APPENDIX G — SUMMARY OF CERTAIN PROVISIONS OF THE MASTER INDENTURE — Defeasance” if: (i) in case any of said Series of Obligations are to be redeemed on any date prior to their maturity, the Agency shall have given to the Trustee in form satisfactory to it irrevocable instructions to give as provided in the Master Indenture notice of redemption on said date of such Obligations, (ii) there shall have been set aside and shall be held in trust by the Trustee (through deposit by the Agency of funds for such payment or redemption or otherwise) either (a) monies in an amount which shall be sufficient, or (b) Government Obligations or (c) obligations (1) validly issued by or on behalf of a state or political subdivision thereof, (2) the interest on which is excluded from gross income for Federal income taxation purposes pursuant to Section 103(a) of the Code and (3) fully secured by a first lien on Government Obligations, the principal of and the interest on which when due will provide monies which, together with the monies, if any, deposited with the Trustee at the same time, shall be sufficient to pay when due the principal or Redemption Price, if any, of and interest due and to become due on said Series of Obligations on and prior to the Redemption Date or maturity date thereof, as the case may be (the sources in clauses (a)-(c) of this sentence are referred to individually and collectively as the “Defeasance Collateral”); provided that the Agency shall have right to request the delivery of a verification report prepared by an Accountant verifying the sufficiency of the Defeasance Collateral to make such payments, and (iii) in the event said Series of Obligations are not by their terms subject to redemption within the next succeeding sixty days, the Agency shall have given the Trustee in form satisfactory to it irrevocable instructions to give by mail, as soon as practicable, notice to the owners of such Series of Obligations that the deposit required by this subsection has been made with the Trustee and that said Series of Obligations are deemed to have been paid in accordance with this paragraph and stating such maturity or Redemption Date upon which monies are to be available for the payment of the principal or Redemption Price, if any, on said Series of

Obligations. To the extent required for the payment of the principal or Redemption Price, if applicable, of and interest on said Series of Obligations, neither monies deposited with the Trustee pursuant to this paragraph nor principal or interest payments on any such Government Obligations or obligations described in clause (c) above and deposited with the Trustee pursuant to this paragraph shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if any, of and interest on said Series of Obligations; provided that any cash received from such principal or interest payments on such Government Obligations or obligations described in clause (c) above and deposited with the Trustee pursuant to this paragraph, if not then needed for such purpose, shall, to the extent practicable, be reinvested in obligations described in clauses (b) or (c) above maturing at times and in amounts sufficient to pay when due the principal or Redemption Price, if any, of and interest to become due on said Series of Obligations on and prior to such Redemption Date or maturity date thereof, as the case may be, and, if not required for the payment of such Obligations, any monies deposited with the Trustee pursuant to this paragraph and principal and interest payments on the obligations described in clauses (b) or (c) above shall be paid over to the Agency, as received by the Trustee, free and clear of any trust, lien or pledge. The Trustee may sell, transfer or otherwise dispose of the obligations described in clauses (b) and (c) above deposited with the Trustee pursuant to this paragraph at the direction of the Agency; provided that the amounts received upon any such sale, transfer or other disposition, or a portion of such amounts, shall be applied to the purchase of other obligations described in clauses (b) and (c) above, the principal of and the interest on which when due will provide monies which, together with the monies on deposit with the Trustee, shall be sufficient to pay when due the principal or Redemption Price, if applicable, of and interest due and to become due on said Obligations on and prior to the Redemption Date or maturity date thereof, as the case may be, in accordance with this paragraph. At the election of the Agency, the monies, Government Obligations or other obligations described in clause (c) above may be held by an escrow agent in trust for the benefit of the owners of the applicable Series of Obligations for which such monies, Government Obligations or other obligations described in clause (c) above are being held, in which case references in the Master Indenture to amounts held by the Trustee shall include amounts held by such escrow agent.

APPENDIX I

BOOK ENTRY SYSTEM

(1) Except as provided in the Indenture, the registered owner of all of the Series 2018 A Bonds shall be, and the Series 2018 A Bonds shall be registered in the name of, Cede & Co. (“Cede”), as nominee of The Depository Trust Company (“DTC”). Payment of monthly interest for any Series 2018 A Bonds shall be made by transfer of same-day funds to the account of Cede on the interest payment date for the Series 2018 A Bonds at the address indicated for Cede in the registration books of the Agency kept by the Trustee.

(2) The Series 2018 A Bonds each shall be initially issued in the form of a separate single fully registered bond in the amount of the stated maturity of the Series 2018 A Bonds. Upon initial issuance, the ownership of such Series 2018 A Bonds shall be registered in the registry books of the Agency kept by the Trustee in the name of Cede, as nominee of DTC. With respect to Series 2018 A Bonds registered in the registry books kept by the Trustee in the name of Cede, as nominee of DTC, the Agency and the Trustee shall have no responsibility or obligation to any participant of DTC (a “Participant”) or to any person for whom a Participant acquires an interest in Series 2018 A Bonds (a “Beneficial Owner”). Without limiting the immediately preceding sentence, the Agency and the Trustee shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede or any Participant with respect to any ownership interest in the Series 2018 A Bonds, (ii) the delivery to any Participant, any Beneficial Owner or any other person, other than DTC, of any notice with respect to the Series 2018 A Bonds, including any notice of redemption, or (iii) the payment to any Participant, any Beneficial Owner or any other person, other than DTC, of any amount with respect to the principal of, premium, if any, or interest on the Series 2018 A Bonds. The Agency and the Trustee may treat as and deem DTC to be the absolute owner of each Series 2018 A Bond for the purpose of payment of the principal of, premium, if any, and interest on such Series 2018 A Bond, for the purpose of giving notices of redemption and other matters with respect to such Series 2018 A Bond, for the purpose of registering transfers with respect to such Series 2018 A Bond, and for all other purposes whatsoever. The Trustee shall pay all principal of, and interest on the Series 2018 A Bonds only to or upon the order of DTC, and all such payments shall be valid and effective to fully satisfy and discharge the Agency’s obligations with respect to the principal of, premium, if any, and interest on the Series 2018 A Bonds to the extent of the sum or sums so paid. Payments of principal may be made without requiring the surrender of the Series 2018 A Bonds, and the Agency and the Trustee shall not be liable for the failure of DTC or any successor thereto to properly indicate on the Series 2018 A Bonds the payment of such principal. No person other than DTC shall receive a Series 2018 A Bond evidencing the obligation of the Agency to make payments of principal of, premium, if any, and interest on the Series 2018 A Bonds pursuant to the Indenture. Upon delivery by DTC to the Trustee of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede, and subject to the transfer provisions hereof, the word “Cede” in the Indenture shall refer to such new nominee of DTC.

(3) (a) DTC may determine to discontinue providing its services with respect to the Series 2018 A Bonds at any time by giving written notice to the Agency and discharging its responsibilities with respect thereto under applicable law. Under such circumstances (if there is not a successor securities depository), Series 2018 A Bond certificates will be delivered as described in the Indenture.

(b) The Agency, in its sole discretion and without the consent of any other person, may terminate the services of DTC with respect to the Series 2018 A Bonds if the Agency determines that: (i) DTC is unable to discharge its responsibilities with respect to the Series 2018 A Bonds or (ii) a continuation of the requirement that all of the Outstanding Series 2018 A Bonds be registered in the registration books kept by the Trustee in the name of Cede, as nominee of DTC,

is not in the best interest of the Beneficial Owners of the Series 2018 A Bonds. In the event that no substitute securities depository is found by the Agency, or restricted registration is no longer in effect, Series 2018 A Bond certificates will be delivered to the Trustee.

(c) Upon the termination of the services of DTC with respect to the Series 2018 A Bonds, or upon the discontinuance or termination of the services of DTC with respect to the Series 2018 A Bonds pursuant to the Indenture after which no substitute securities depository willing to undertake the functions of DTC hereunder can be found which, in the opinion of the Agency, is willing and able to undertake such functions upon reasonable and customary terms, the Series 2018 A Bonds shall no longer be restricted to being registered in the registration books kept by the Trustee in the name of Cede as nominee of DTC, but may be registered in whatever name or names Bondholders transferring or exchanging Series 2018 A Bonds shall designate.

(4) Notwithstanding any other provision of the Indenture to the contrary, so long as any Series 2018 A Bond is registered in the name of Cede, as nominee of DTC, all payments with respect to the principal of, premium, if any, and interest on such Series 2018 A Bond and all notices with respect to such Series 2018 A Bond shall be made and given, respectively, to DTC as provided in the applicable Letter of Representations addressed to DTC.

PROPOSED FORM OF LEGAL OPINION OF BOND COUNSEL

February 15, 2018

District of Columbia Housing Finance Agency
815 Florida Avenue, NW
Washington, DC 20001

\$25,545,000
District of Columbia Housing Finance Agency
Multi-Family Development Program Bonds
Series 2018 A (Non-AMT)

Ladies and Gentlemen:

We have acted as Bond Counsel in connection with the issuance by the District of Columbia Housing Finance Agency (the “Agency”) of the above-referenced bonds (the “Bonds”). The Agency is a corporate body and an instrumentality of the government of the District of Columbia (the “District”), organized and existing under and pursuant to the District of Columbia Housing Finance Agency Act, D.C. Law 2-135, D.C. Code. § 42-2701.01 et seq., as amended (the “Act”). The Bonds are being issued pursuant to the Act, Resolution No. 2018-01 adopted by the Board of Directors of the Agency on January 23, 2018 (the “Resolution”), and under a Master Indenture dated as of August 1, 2017 (the “Master Indenture”) by and between the Agency and U.S. Bank National Association, as trustee (the “Trustee”) as amended and supplemented by a Supplemental Indenture dated as of February 1, 2018 (the “2018 A Supplemental Indenture” together with the Master Indenture, the “Indenture”), by and between the Agency and the Trustee. All capitalized terms used herein and not otherwise defined shall have the meanings as set forth in the Indenture.

The Bonds are being issued for the purpose of funding a loan to Woodmont Crossing Investor, LLC, a District of Columbia limited liability company, for the acquisition, rehabilitation and equipping of a multifamily rental housing project known as Woodmont Crossing Apartments (the “Project”).

Reference is made to the Indenture for the provisions, among others, with respect to: the nature and extent of the rights, duties and obligations of the Agency, the Trustee, and the owners of the Bonds; the terms upon which the Bonds are issued and secured; the collection and disposition of revenues; a description of the properties and interest assigned and pledged; the provisions relating to modification or amendment of the Indenture; and other matters.

The Bonds do not constitute an obligation of the District of Columbia, but are special limited obligations of the Agency payable solely from and secured by the pledged property therefor under the Indenture. The Agency is not obligated to pay the principal of, premium, if any, or interest on the Bonds except from the pledged property under the Indenture. Neither the faith and credit nor the taxing power of the District is pledged to the payment of principal of, premium, if any, and interest on the Bonds. The Agency has no taxing power.

In connection with the execution and delivery of the Bonds, we have examined:

1. the Act;
2. the Resolution;
3. the Indenture;
4. a copy of the signed and authenticated Bonds; and
5. such other opinions, agreements, documents, letters and matters of law as we have deemed necessary to render the opinions set forth below.

The opinions expressed herein are qualified in their entirety as follows:

(i) We have assumed the accuracy and truthfulness of all public records and of all certifications, documents and other proceedings examined by us that have been executed or certified by public officials acting within the scope of their official capacities and have not verified the accuracy or truthfulness thereof;

(ii) We have assumed the genuineness of all signatures on all documents examined by us, and we have assumed the due incumbency of all persons signing documents; and

(iii) We have assumed that all documents examined by us are enforceable against the parties thereto in accordance with their terms.

Based on the foregoing, we are of the opinion that:

1. The Agency is duly created and validly exists under the Act as a corporate body and an instrumentality of the District with full power to execute and deliver the Bonds.
2. The issuance, sale and delivery of the Bonds have been duly authorized by the Agency and the Bonds constitute valid and binding special obligations of the Agency. The Indenture and the Bonds have been duly executed and delivered by the Agency. The Bonds are secured in the manner and to the extent set forth in the Indenture and are entitled to the benefit, protection and security of the provisions, covenants, and agreements contained therein. The Indenture is enforceable in accordance with its terms, except to the extent enforcement may be limited by general principles of equity, applicable bankruptcy, insolvency or similar laws affecting creditors' rights generally, now or hereafter in effect.
3. Assuming compliance with certain covenants in the Indenture, the Loan Agreement, the Regulatory Agreement and the Tax Certificate intended to assure compliance with Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and the applicable provisions of Sections 141 through 150 of the Code, interest on the Bonds is excludable from the gross income of the holder of the Bonds for federal income tax purposes, except that no opinion is expressed as to such exclusion of interest on the Bonds for any period during which the Bonds are held by a person who is a "substantial user" of the facilities financed with the proceeds of the Bonds or a "related person" within the meaning of Section 147(a) of the Code. Furthermore, interest on the Bonds is a not specific tax preference item nor included in adjusted current earnings for purposes of the alternative minimum tax applicable to individuals.
4. The Bonds and the interest thereon are exempt from District of Columbia income taxation, except estate, inheritance and gift taxes.

The accrual or receipt of interest on the Bonds may otherwise affect a holder's income tax liability. The nature and extent of these other tax consequences will depend upon the holder's particular tax status and other items of income and deduction. Bond Counsel expresses no opinion regarding such consequences. Purchasers of the Bonds, particularly corporations (including S corporations and United States branches of foreign corporations), property and casualty insurance companies, banks, thrifts or other financial institutions, recipients of Social Security or Railroad Retirement benefits, taxpayers otherwise entitled to the earned income credit and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations such as the Bonds, should consult their tax advisors concerning their tax consequences of purchasing and holding the Bonds.

The opinion we have expressed herein as to the treatment of the interest borne by the Bonds for federal income tax purposes is based upon statutes, regulations, rulings and court decisions in effect on the date hereof. Purchasers of the Bonds should consult their tax advisors regarding any changes in the status of pending or proposed legislation.

The opinions rendered in this letter are stated only as of this date, and no other opinion shall be implied or inferred as a result of anything contained in or omitted from this letter.

Very truly yours,

(iii) The amendment does not materially impair the interests of Beneficial Owners and Holders of any of the Series 2018 A Bonds, as determined either by parties

unaffiliated with the Obligated Person (such as counsel expert in federal securities laws), or by an approving vote of Holders pursuant to the terms of the Indenture at the time of the amendment. The initial Agency Annual Financial Information after the amendment shall explain, in narrative form, the reasons for the amendment and the effect of the change, if any, in the type of operating data or financial information being provided.

SECTION 8. ADDITIONAL INFORMATION. If the Agency chooses to include any information in any Agency Annual Financial Information or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Agency shall have no obligation under this Disclosure Agreement to update such information or include it in any future Agency Annual Financial Information or notice of occurrence of a Listed Event.

A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture, the Loan Documents (as defined in the Series 2018 A Indenture) or any other agreements executed in connection with the issuance of the Series 2018 A Bonds and the funding of the Mortgage Loans and the rights and remedies provided by the Indenture and the Loan Documents upon the occurrence of an “Event of Default” shall not apply to any such failure. The sole remedy under this Disclosure Agreement in the event of any failure of the Agency, the Dissemination Agent or the Trustee to comply with this Disclosure Agreement shall be an action to compel performance.

SECTION 10. DUTIES, IMMUNITIES AND LIABILITIES OF TRUSTEE AND DISSEMINATION AGENT. Article XI of the Master Indenture is hereby made applicable to the Trustee and the Dissemination Agent under this Disclosure Agreement as if this Disclosure Agreement were (solely for this purpose) contained in the Indenture and the Dissemination Agent shall be entitled to the benefits, protections and provisions thereof to the same extent as the Trustee. The Dissemination Agent (if other than the Trustee, or the Trustee in its capacity as Dissemination Agent) and the Trustee shall have only such duties as are specifically set forth in this Disclosure Agreement. The Dissemination Agent and Trustee shall be paid compensation by the Agency for its services provided hereunder and all expenses, legal fees and advances made or incurred by the Dissemination Agent hereunder. The Dissemination Agent and Trustee shall have no duty or obligation to review any information provided to it by the Agency and shall not be deemed to be acting in a fiduciary capacity for the Agency, the Holders or Beneficial Owners of the Series 2018 A Bonds or any other party. The obligations of the Agency under this Section shall survive

resignation or removal of the Dissemination Agent or Trustee and payment of the Series 2018 A Bonds.
